

GEESE ADD TO GOLF ENJOYMENT

Oblivious to golfers and the danger of being struck by a golf ball, these Canada Geese have chosen the fairways at the Guasabon Golf Course as their feeding ground.

The honkers, numbering about thirty-five, have been hanging out at the course for about a month. Though they are not easily intimidated, they threaten anyone who approaches too closely with a resounding honk.

One unfortunate goose was struck by a ball and can be seen limping along in an effort to keep up with the rest of the gang.

NEW SUBDIVISION RAPIDLY DEVELOPING

The new Terrace Heights subdivision is rapidly developing and homes are being erected almost overnight. The area has eighty lots at present, forty-five of which have already been purchased.

Approximately seventy more lots will likely be made available in the future.
