#### WINTER PROGRAMS:

We are still planning, talking, gathering, information on winter programs and upon details being finalized data will be released.

#### ARENA UPDATE:

As a result of the October 10th Council meeting, Council will write to the Ministry of Labour to see if they can open the arena for the coming season; the arena will remain closed until word (positive or negative) is received from this ministry.

Our submission to Wintario, the Community Recreation Centre Act has been completed and sent to the Ministry of Culture and Recreation. It is hoped positive word will be received back from Toronto within the next couple of weeks. We still need to raise from the public/private sector \$183,000.00.

At this time, due to climatical factors, the chances of any part of the complex starting seems remote. Approval from Wintario would ensure an April or May start in 1979 with Gateway Builders and Supply Ltd. being the general contractor. Upon this received approval the public will be notified promptly.
