

# The North of Superior District

## Roman Catholic Separate School Board

wishes to draw the attention of SEPARATE SCHOOL SUPPORTERS to the fact that it has adopted the following goals:

To ensure that all elements of the system (trustees, staff, clergy, and parents) endeavour to work co-operatively for the total development of the child.

To ensure that the Christian formation of the child in the Roman Catholic faith is accepted as a major purpose of the schools.

To encourage an atmosphere of "caring".

To provide a curriculum that will facilitate the growth of the whole child (to the limit of his/her potential) by providing opportunities:

- a) to acquire the basic skills fundamental to his/her education
- b) to develop and maintain confidence and a sense of self-worth
- c) to gain the knowledge and acquire the attitudes that he/she needs for active participation in Canadian society
- d) to develop the moral and aesthetic sensitivity necessary for a complete and responsible life.

To provide opportunities for community/school interaction.

To ensure an on-going review of aims.

Over the coming years, through its schools, the Board will be seeking your advice and support in an effort to realize these goals.
