

Help create student jobs. And we'll help you.

Young Canada Works is a federal government job creation program designed to fund projects which improve the skills and future job prospects of students.

Get your group or organization to think of an idea. If it will create at least 3 student jobs lasting from 6 to 18 weeks each between the months of May and September, then Young Canada Works may be able to help you turn your idea into reality.

Your project should benefit the community and must meet all the program requirements.

Apply today. Application forms and guides are ready now at your nearest Canada Employment Centre/Canada Manpower Centre or Job Creation Branch office.

Application Deadline February 2, 1979.
