

TERRACE BAY FIGURE SKATING CLUB, CONT'D.....

I like skating because it is very fun. The lessons you can take are free skating, dances and patch (figure eights).

Free skating is the hardest lesson you can learn or well I think so. Dances are hard to learn at first because you don't know the steps yet. Patch is hard too but I like all the lessons.

"WHY I LIKE SKATING" - Karin Brassard (Age 9)

I enjoy figure skating because I like to do spins, solos and spirals. I also enjoy it because I like to do dances and when we go to Nipigon and other places, I meet other girls of all ages, and I also enjoy having fun competitions when we can win ribbons. I like figures also but not as much as doing free skating and dances.

"WHY I LIKE SKATING" - Carrie Pytyck (Age 13)

As the wind whistles by me, I dodge younger skaters first to the left and then to the right. As I come to a halt my coach smiles at me and says that I did very good. Starting my solo for the second time, happy thoughts run through my mind. I think of how much I like this sport, I think of how much I like it, not just because figure skating is fun, but because it makes me feel happy. Figure skating is a sport which I enjoy very much. I get to enter various competitions that let me prove my ability in this enjoyable sport, as well as meeting new competitors and friends.
