#### BIRCHWOOD TERRACE - "EAGER BEAVERS"

The "Eager Beaver" group, a club which came into formation last spring at Birchwood Terrace and consists of thirteen members, was very delighted recently to receive a New Horizons grant of \$7,400.00. The club, which is concerned with facilities for senior citizens, plans to use the grant for such projects as a workshop for the men, a new greenhouse and a sewing machine for the craft room.

The New Horizons Program, developed in 1972 by the Federal Department of Health and Welfare for senior citizens, is designed to allow retired people an opportunity to share their interests, skills and talents in developing and carrying out projects of their own choosing. The projects are possible through grants to groups of retired people who will undertake activities for the benefit of themselves and others in the community.
