# 1979 is International Year of the Child

## Here's what Ontario is doing and what you can do to improve the well-being of our children.

1979-International Year of the Child

The United Nations has proclaimed 1979 as International Year of the Child in order to focus attention on children everywhere.

In Ontario, the Government has always looked at children as our most precious resource and has worked to provide them with the best possible health, education and social programs.

In 1979, we intend to strengthen these services and programs in the belief that the peace and prosperity

of the future depends on the well-being of our children today.

However, the Year of the Child to be truly successful in Ontario, must have everyone's support... *your* support.

Only you, as a parent or friend, can provide the love and concern that is so essential to the healthy development of a child.

For more information on the Ontario Government's programs for our children, and a list of suggestions of what you, your organization or community can do

during the International Year of the Child, write to:
