

# Help create student jobs. And we'll help you.

Young Canada Works is a federal government job creation program designed to fund projects which improve the skills and future job prospects of students.

Get your group or organization to think of an idea. If it will create at least 3 student jobs lasting from 6 to 18 weeks each between the months of May and September, then Young Canada Works may be able to help you turn your idea into reality.

Your project should benefit the community and must meet all the program requirements.

Apply today. Application forms and guides are ready now at your nearest Canada Employment Centre/Canada Manpower Centre or Job Creation Branch office.

### The Child

"And a little child shall lead them" (Bible) has echoed through the years.

But the voice has gone unanswered  
For people close their ears.

No time to stop a moment, and reflect along the way,  
Each person just too busy, living day by day.

The most pause a moment in their all too busy life,  
Amidst the war and hunger, cruelty and strife  
To think of all the little ones, who need us now today.  
And maybe ease the pain for them, as they along the way.  
A smile, a prayer, a helping hand, to every child in every land.

Come my friend and pray with me, so that the future it may be  
A time of peace, love and joy  
For every girl and every boy.

Let us do it now, and please not wait, for already it is late  
We will stop the abuse cruel and wild to remember first  
"the little child"

Upon whom the future stands, for the world and every man.  
"Give us peace, O Lord we pray  
For all our children day by day"

Amen
