

# Time for new confidence, says Reid

School Board Chairman Mike Reid.

Mike Reid, Schreiber's veteran School Trustee, was elected Chairman of the Lake Superior Board of Education in December. Reid was interviewed last week by the News.

**News:** Mr. Reid, the Lake Superior Board went through several controversies in the last two years that focused nation-wide attention on it. Are you expecting major changes in policy with the election of a new Board?

"Yes. We have seven new Trustees who have very definite ideas of how this Board should function and operate. These Trustees ran for their seats on the Board and were elected by their communities because they wanted some changes made, and we will be seeing new poli-

cies arising from the desire of these new Trustees to make those changes."

**News:** Have there been any new policy changes made so far?

"No. At our first meeting the new Board elected its officers, formed our Committees, and discussed several things which are of concern to the Trustees, but we made no major policy changes."

**News:** are there any major policy changes under consideration?

"As I said, many Trustees want changes made and they want to re-examine some things. There are some changes under discussion, but I am not in a position to discuss them in detail until the Board's next meeting on January 17 in Marathon. Trustees

from Manitowadge are interested in our Housing Policy and all the Trustees will be interested in Rodger Allan's comments on the Schreiber Campus when we meet with him on January 10 in Marathon."

**News:** What is the status of the Schreiber Campus now?

"The Motion passed by the former Board closing the Campus at the end of this June is still on the books. That decision will be reviewed by this Board as soon as we get the Allan Report. We are now awaiting that Report and we expecting it at the end of this month. We will be

making no decision before then."

**News:** What are the major issues confronting the Board?

"The major new issues are we are going to have to deal with this year are Pooled Assessment and the ROSE Report."

"Pooled Assessment is a proposal by the provincial government to take commercial and industrial taxes out of the hands of the local Board and transfer them to the province. This pool of new tax money would then be distributed by Toronto to all the School Boards in the province."

"This is a very

dangerous proposal and it is going to have to be opposed at every opportunity."

"Most of this Board's taxes come from the mills in Marathon and Terrace Bay. If we lose control of that money to Toronto we could be in very serious trouble over the next couple of decades. The provincial government assures us that we would be receiving an equal amount of money in grants, but we all know that grants can be cut."

"Opposing Pooled Assessment is especially important for Marathon and Terrace Bay. If the government can take

## Local resident victim of brutal assault

Norma Crockford, a Terrace Bay resident was the victim of a brutal and unprovoked assault last week while walking on the street.

Chief of Police Tom Tack said in a prepared statement that, "On Wednesday, January

5/83 police were called to McCausland Hospital to apprehend a male person who assaulted a member of the medical staff and then left the hospital. While police were proceeding to the scene they observed a male person standing over a figure laying on

the ground near the roadway entering McCausland Hospital. This person was subsequently arrested and taken to the Schreiber lockup. The female victim of the assault was treated at McCausland Hospital for undetermined injuries. Criminal

charges are pending, the matter is still under investigation."

Subsequent reports said that Mrs. Crockford's assailant has been transferred to the Lakehead Psychiatric Hospital.

Jody LeBlanc and Mark Saranpaa won the Silver Medal at the Northern Ontario Figure Skating Championships in Timmins on November 26-28.

## New Pastor welcomed

by JUDIE COOPER  
Barry and Beth Fellingner bring a host of talents and interests to their new community of Terrace Bay. Pastor Fellingner has taken on the ministry of the Terrace Bay Gospel Assembly following the recent departure of former Pastor John Larri.  
"We're enjoying our new community. The

pace of life is quite a change from Hamilton. The clean air is great. The scenery points out that this really is "God's country". We like small towns very much", comments an enthusiastic Pastor Fellingner.  
Both Barry and Beth are 1981 graduates of Peterboro's Eastern Pentecostal Bible College, with Barry having the added dis-

inction of being class valedictorian. Both are avid readers and active writers, the most recent publication being one of Barry's in the PAOC magazine. Both are fluent in several contemporary languages such as French and German and also skilled in Greek and Latin. Other interests include astronomy and golf for Barry and

## Gymnast and coach a real team

by JUDIE COOPER  
Terrace Bay gymnast Danny O'Keefe has come a long way in the past two years. From setting up backyard gymnastics equipment and practicing from self-instruction manuals, he has advanced under the coaching of Betty Tate Pineau to excellence in provincial competitions. He placed 3rd in the "Tyro B" championship held last May at York University and placed 11th in the Province at the Canada Games Selection meet held Sept. 26th in Hamilton.

of our volunteers do 90 percent of the work, and we (the O.G.F. and gymnastics) could not survive without volunteer services." It is certain that Terrace Bay Tumblers and Danny O'Keefe could not enjoy their excellent success without the talents and contributions of volunteer coach Betty Tate.

Betty was recently cited for her work in the OGF's Ontario Gymnast publication. Her work in establishing and overseeing the gymnastic programs of approximately 100 youngsters in Terrace Bay is both demanding and rewarding. A relative newcomer to coaching, Betty took a Level I Technical coaching clinic in 1976 and quickly set to work organizing a recreational club in the Nipigon-Red Rock area. In 1979 she began her work in

Terrace Bay and expanded her programme to include a small boys and girls competitive club. She also provided the impetus to start a club for boys in Thunder Bay. In addition, she holds the position of Men's Technical Representative for the North Western Region.

On Jan. 22nd, national-level gymnasts from all over Ontario will compete in Toronto for berths in the National Compulsory meet to be held in June at Banff. Coach Tate says Danny is "looking really good, and should 'do very well' in Toronto. Also coming up is the meet in Terrace Bay during April for regional girls, provincial boys and national boys competitors. Watch for more details of this event in coming editions of the NEWS.
