HUNTING MOOSE THIS FALL ?

YOU WILL NEED A SPECIAL TAG TO HUNT A BULL OR COW

A New Selective Harvest has been implemented this year. A Moose Licence will only be valid to hunt a calf moose unless it is validated with a Bull or Cow Moose Validation Tag. These tags are issued for a specific Wildlife Management Unit. To obtain a tag, you must enter the Validation Tag Draw or hunt through a tourist outfitter who has an allocation of tags.

An information package has been mailed to all 1982 moose licenced hunters containing details of the new program and an application form. If you did not receive this package and wish to participate, please contact a Ministry of Natural Resources' District Office nearest you for an application form.

Applications must be received in Wildlife Branch, Toronto, by 5:00 p.m., April 29, 1983. Applications received after this date will be ineligible.

For further information, contact your local District Office.
