Slow Pitch Baseball

The sport of slow-pitch ball will be added to the recreation program for Terrace Bay and area residents. The interest at the general meeting for the Men's League on April 20th was excellent and we have three teams to date. We are still expecting more names and hope to form a four team league. The league will begin regular league play on May 30th. If you are interested in participating in this Men's Slow Pitch League, please call 3542 today.

We are also offering a Mixed Slow Pitch League, one night per week if interest is sufficient. We have enough names for nearly two teams and are encour-

aging more of you couples out there to get involved. There will be an open general meeting for all those interested on Tuesday, May 10th, 7:00 p.m. in the multi-purpose room of the recreation centre. Teams will be made at this time and a schedule prepared. Rules will be available and other matters related to league operation will be discussed. The game of slow pitch is similar to fast-ball except the pitch, which must be arched and higher than the batter's head during delivery. So don't forget meeting for the formation of the Mixed League on Tuesday, May 10th, at 7:00 p.m. See you there!
