Annual spring clean-up in Terrace Bay and Schreiber

The Annual Spring Clean-up gets underway this week and while homeowners are getting ready to rake up a winter's accumulation of gravel, leaves and branches the Public Works crews in Schreiber and Terrace Bay are getting geared up to haul the debris away.

Schreiber Clerk Aurel Gauthier said that the Town crews would be at work hauling the debris from May 9 until May

27. "We pick up just about anything on the curbside except derelict vehicles." "If there is a fair bit of rubbish, it's preferable that they give us a call at the Municipal Office and we will see that it is picked up." "It is hauled out to the dump and disposed of there. It would help if material like metal could be separated from the other rubbish."

"The Clean-up is separate from the regular garbage pick up."

"We have had complaints about derelict vehicles coming to some members of the Council. The owners of the derelict vehicles have been notified and requested to cooperate with the By-Law. The Council will review the response later and take whatever action is called for at that time."

Terrace Bay's Spring Clean-up Campaign starts on May 11 and runs for a week till May 18. Reeve Dave Speer

said, "We take pride in our town. Terrace Bay has had comments from people all over the country. The Reeve of Rainy River couldn't get over how beautiful Terrace Bay is. He was so impressed that he told me about it just two weeks ago."

"This year we are running the Clean-up in the same way we have before. Starting May 11 the Public Works crews and the trucks will be
