Moose deadline extended

The Ontario Ministry of Natural Resources has extended for 1983 only the deadline for moose hunters to apply for bull or cow validation tags under the selective moose harvest program — from April 29 to 5 p.m. May 20.

Resources Minister Alan Pope said today that the extension was needed to ensure all moose hunters are contacted and applications are filled in properly. "This is a new

process and a number of hunters made errors on applications that will have to be corrected in consultation with the applicants," Mr. Pope said.

About eight per cent of the 40,000 resident hunter applications received so far by the Ministry of Natural Resources under the 1983 selective moose harvest program are incorrectly filled out. "We have also had difficulty reaching hunters because of

incomplete lists of 1982 hunters.

As the ministry and hunters become more familiar with the program, we would expect to eliminate these problems in future draws," Mr. Pope added.
