going to have anymore lots for sale in the new subdivision." Reeve Fischer continued, "This is the policy we established for this subdivision. We may want to change the policy for another subdivision."

One of the property owners asked, "What about leasing the lot?" Councillor Mike Cosgrove said, "No, I can't see that. Suppose someone comes along and wants to buy the lot the next week." The Reeve summed up the consensus of the Council to the delegation's request to purchase the additional property, "I guess all I can say gentlemen is that we pretty well have to stay with the policy we have now to be fair. When we sell lots in another subdivision we may want to review this."

**Minutes**

The Minutes of the previous regular meeting and of a special

meeting held on April 19 were adopted. In reviewing the Minutes Councillor Burton Phillips commented on the Spring Clean Up work and said, "I suggest that the town crew put a tarp over the loads on the way to the dump, otherwise we are going to get a fine."

**Sale of the Arena Property**

On a motion by Councillor Larry Dunwoody, seconded by Mike Cosgrove, the Council agreed to sell lots 1, 2, and 3 on Quebec Street to Speziale Enterprises Ltd. for \$22,500.

The Township of Terrace Bay and the McCausland Hospital Board are sending a joint letter to the Ministry of Health requesting that an ambulance be maintained at the hospital permanently. The Schreiber Council was requested to join the other two bodies in signing the letter. Reeve Fischer said, "I want to

make it clear that we are giving Terrace Bay the strongest possible support in this." The Council discussed the matter and agreed to have the letter signed jointly and to take whatever other action was needed to secure the additional ambulance for Terrace Bay.

**Committee Reports**

The Finance Committee reported that the "budget is close to completion. We are awaiting the final requisition from the Lake Superior Board of Education" before setting the new mill rate.

Councillor Burton Phillips reported on behalf of the Roads Committee. "The road signs are slowly being straightened out and we are getting up the signs to show people how to get back to highway #17. We are getting a new broom for the street sweeper and we can get started filling people's houses with dust."

Councillor Phillips also reported that 8 additional building permits have been issued, and that the value of construction to date in May is \$277,715. Reeve Fischer said, "That is a very nice report. It's good to see that building going on."

The Cemetery Committee reported that they are continuing to study the construction of a vault at the cemetery. Quotations so far range from \$30,000 to \$76,000.

Fire Chief Pete Doig reported, "We are having a problem with the older fire truck. We have been trying to get new seals for the truck. We have been trying to get the proper seals. We have ordered temporary seals from Winnipeg. The problem is the age

of the truck."

The Council received a preliminary study from the Town Engineer of the drainage problem in the north end. The Engineer recommended that Wardrope and Associates be retained to complete the drainage study for the R-270/R-270 drainage area. The Council authorized the study, which is to have a maximum cost of \$18,500. Reeve Harold Fischer said, "That finalizes the subdivision to the point where we could move overnight if we have to. If somebody comes in and wants 50 lots we have 50 lots."

**Another Subdivision**

The Ministry of Housing wrote to the Council to inform them that a private group was proposing to develop a subdivision in the area known as R-270 between the Cook's Lake Subdivision and Langworth Street. The Council discussed the proposed subdivision and agreed to approve its construction provided the developers are prepared to enter into an agreement that will ensure that proper curb and gutter works are constructed. The plans were referred to the Town Engineer before the final approval is signed.

**Economic Development Seminars**

The Council received a letter from Terrace Bay Reeve Dave Speer inviting the Township to an Economic Development Seminar being held on June 10 in Terrace Bay. MP Keith

EVERYONE WELCOME  
Sorry No Minors

**THANK YOU**

I'd like to thank all my family and friends for the cards and flowers, I received while hospitalized. Special thanks to our neighbours who sent baking and to Doctors Wilkes and Perales for their professional care. To Mrs. Carol Just, Marathon, and the entire McCausland nursing staff, your humour and bedside manner made my stay seem shorter than it was.

Sincerest thanks to Mrs. Lise Demers and Mrs. Pam Paradis (and their understanding husbands) who stepped in to run The Cedar Salon, which otherwise would have been closed last month.

To everyone who helped, may I say that I really understand the true meaning of "small-town friendships".

Neldine Mikus

**THE CONVINCER'S GONNA GET YA!**

Who or what's the "CONVINCER"?

It's a simple little device designed to give you a jolt — a 5 mph jolt that could convince you that seatbelts are worth wearing!

If you're a dyed-in-the-wool, anti-seatbelter, we challenge you to come and try out "THE CONVINCER" and see if you don't change your thinking. Let us show you that seatbelts save injury, even at 5 mph!

Terrace Bay Police and Kimberly-Clark, with the generous support of the O.P.P., are jointly sponsoring this demonstration from 1:00 p.m. to 5:00 p.m. and 7:00 p.m. to 9:00 p.m. on Wednesday, May 25, 1983 at the TERRACE BAY ARENA.
