**Grant approved for
Terrace Bay Airport**

Ontario Transportation and Communications Minister James Snow outlined a subsidy grant of \$10,000 jointly funded by MTC and the Board of Industrial Leadership and Development (BILD) programme.

Funding is for the placing of granular fill on the runway, taxiway and aircraft parking apron shoulders. The estimated cost of the project is \$12,500 with MTC subsidizing 80 per cent of the total cost.

**Terrace Bay Fire
Dept. report**

by ROLLY MOQUIN
Fire Chief

During the month of July the Terrace Bay Fire Dept. had a quiet month with only two responses. On July 18th at 12:55 a.m. the Terrace Bay Firefighters were called out to the mill to put out a chip re-claim fire and on July 21st at 4:29 p.m. a call was sent out to the Township Dump.

Also the Terrace Bay Firefighters held their monthly drill, some pumping practice took place along with checking out a new piece of self-contained breathing apparatus.

Remember do not hang oven mitts over your stove or range, as this is a potential fire hazard.

- Remember these tips:
1. Turn off heat, never leave your pan unattended.
 2. Smother fire with a tight fitting lid or use your fire extinguisher.
 3. Do not use water on a grease fire.
 4. Watch your clothing does not catch fire.
 5. Never carry a burning pan.

In all fires, the first few minutes are vital. Keep calm, act quickly and remember; "Fire, all it takes is your life."

**Propane cylinders
inspections mandatory**

The Ministry of Consumer and Commercial Relations recently issued a warning to all backyard chefs who cook with propane barbecues, stating that they should check to make sure that their propane cylinders are safe.

Ontario's propane code requires that 20 lb. and 40 lb. cylinders commonly used for barbecues and other camping appliances must be inspected at least every ten years. The date of manufacture or the most recent inspection is stamped on the raised collar that protects the cylinder valve.

Propane filling attendants, who must hold a certificate issued by the Fuels Safety Branch of the Ontario Ministry of

Consumer and Commercial Relations, have been reminded of the importance of regular inspections. If an inspection is past due, or the cylinder has large dents, gouges or is badly corroded, it is illegal for the attendant to fill the cylinder.

Inspections cost about \$15.00 and include replacement of the pressure relief valve.

For more information, a free brochure called "Living Safely with Propane" may be obtained by writing: Consumer Information Centre, Ontario Ministry of Consumer and Commercial Relations, 555 Yonge Street, Toronto, Ontario. M7A 2H6. Or telephone (416) 963-1111. Toll free: 1-800-268-1142.

PROSPECTORS - EXPLORATION COMPANIES:

SCHREIBER-TERRACE BAY-MARATHON

The Ontario Ministry of Natural Resources will provide an economic geologist to visit, assay and advise you on the potential of any mineral occurrence you may have staked, or know the location of in the Schreiber-Terrace Bay-Marathon areas. This service is provided free of charge. The Schreiber-Terrace Bay-Marathon economic geologist program encompasses an area from Nipigon east to Marathon.

This program is funded by the Ministry of Northern Affairs.
