A computer program

As a result of a com-

puter program error, the

Ministry of Natural Re-

sources will issue an

estimated 12,500 addi-

tional bull-cow valida-

tion tags for the 1983

Ontario moose hunt, Na-

tural Resources Minis-

ter Alan Pope said to-

Ironically, the com-

puter program was pre-

pared for the Ministry

by a private computer

firm to ensure complete

fairness and objectivity

in the selection of the

error in the computer

program, the computer

in some wildlife man-

agement units has given

a preponderance of vali-

dation tags to older

hunters. Birthdates as

well as names were used

in the computer pro-

However, through an

day.

has a red face today!

Romance, travel, creativity, are all favored for the Arian under Monday's new moon in Leo influence.

You become more positive in matters at home, and you are able to lay the groundwork for increased security and comfort.

Important relationships, either family or friends, are apt to undergo strain. Try compromising, especially since it doesn't really matter.

Efforts to gain a cherished object look favorable. Your assets in general should take on added value.

The new moon emphasizes the dynamic impact you can have on others. You are much in demand on the social front.

A tendency to retreat from the mainstream is simply your way of regenerating your forces. You need the rest.

Someone new comes into your life, providing a delightful change in social doings. It could lead to a lasting relationship.

Occupational matters must be attended to. Your future security rests on present day decisions. Make them good.

Experiences gained while vacationing broaden your perspective and you are full of new ideas. Be practical.

Reorganize mutual assets to gain maximum profits. You'll find others are very cooperative and receptive to new enterprises.

Teamwork and understanding are what you need at this time. A long wished for happening comes to pass.

Work objectives come within reach. You'll get the assignments, and the accompanying salary, that you feel you deserve.

Computer favours elderly

in moose hunt selection

some areas, the young-

est hunters granted vali-

dation tags were in their

40's and 50's — purely

through a computer pro-

gramming error," Mr.

Pope said. "In most

units, it did not have this

effect. It was most

noticeable in units

where there was a high

ratio of applicants to

we are now taking, by

extending the draw, is

the fairest way to correct

the problem in the short-

est possible time, and at

the same time, continue

to move towards achiev-

ing our moose conser-

vation targets," Mr.

The ministry had al-

ready completed the

first draw when the er-

ror was discovered. The

38,000 validation tags -

27,000 for bulls and

11,000 for cows - had al-

Pope said.
