What is the course about? Exactly as the name implies - you will learn different methods of quilting by using a sewing machine. It's unique; it's easy, it's quick, it's fun! Each individual will learn quilting techniques through demonstrations, make samples during class, and be required to complete a project. Some examples of projects you can complete are: quilts, tote bags, place mats, chair pads, pillows, and vests. This course will start in early October and run once a week for 6 weeks. Further details will be supplied when available. Please

call the Recreation Office today if you would like to sign up for this program.

The children were taken upstairs to see how the movies are run, and they later watched cartoons.
