What a Prize!

"The Prize" ... a beautifully restored 1948 Plymouth.

The Schreiber Fire Department have been busy trying to raise funds for a new fire hall and thanks to many supporters, their dream for a new hall may come true quicker than they realize.

For the past three years, the Fire Dept. have been restoring a 1948 Plymouth "Special Deluxe" to be used as the prize in a raffle. The car, which was once classed as a "total wreck" - rusted out ...

no tires ... no interior ... and no running parts, was donated to the Schreiber Fire Dept. by Ray Wilson. Department members were kept busy over the past three years, restoring it to its original state and by the appearance of the car, they have done an excellent job.

The '48 Plymouth boasts of a rich burgundy colour, burgundy plush velour interior and polished chrome that

would blind you. Most of the materials used to restore the car were donated by various groups and outlets, namely: Spadoni Bros., Birch Motors, Auto Home Paints, Terry's Sight N'Sound, Riccis, Jess's Gulf, Conex and Zap's Auto Glass. Without the generosity of these people, the project would have been difficult.

All proceeds from the tickets will be going towards a new fire hall

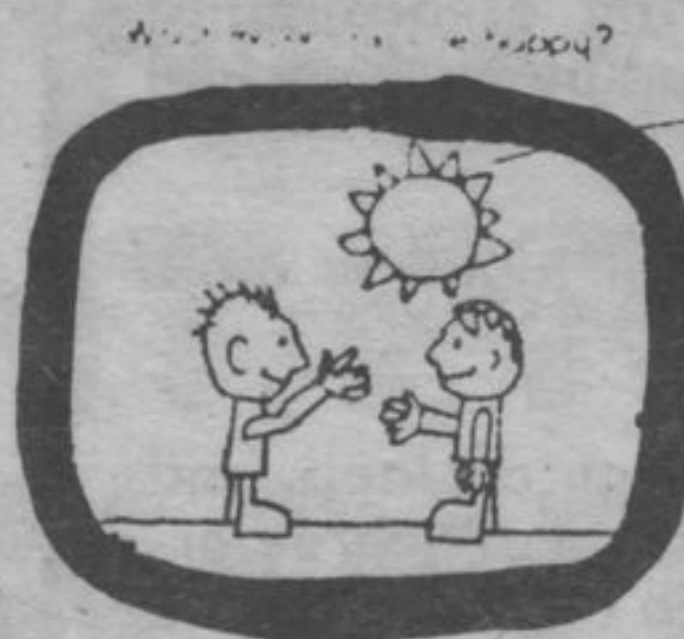

and the draw for the coveted car will take place at the Department's Hallowe'en Dance on October 28, 1983. Tickets are available from any fire Department member or where you see the display set up. The car has toured to displays in the Intercity Mall, Thunder Bay, Marathon and also Terrace Bay.

Good Luck on your sales!

Festival of Social Services

This fall, the residents of Marathon, Terrace Bay, Manitouwadge, Heron Bay and Moberly will have the opportunity to meet and talk

with representatives from the many social services offered to our area.

The Community Resource Office in conjunction with the Mental Health Program is co-ordinating the Marathon Festival of Social Services on October 28, 1983. Some of these services are based in Marathon, others travel from Thunder Bay and Nipigon. We anticipate many interesting and informative displays. A children's play

area will be provided as well as refreshments and hopefully some entertainment.

With the new development that is taking place all around us, we are hoping that this format will encourage both newcomers and those of us that have been in the community for a while to come out and become aware of the variety and functions of the social services available to them and to meet the people that provide them.

Schreiber Ladies win Championsip

Schreiber Ladies Fastball won the Nipigon Fall Fishing Festival trophy after competing with 11 other teams. The runners up were Nipigon's own "Doc's Angels" and the most valuable player was Schreiber's Nancy McCallum. Congratulations girls!
