

Kimberly Clark - Woodlands Safety

The Kimberly-Clark Woodlands safety performance has improved 51 per cent in the last year, coincident with steady employment and improved and stable

production at the Terrace Bay Pulp Mill.

In late August, Terrace Bay Camp 59 was recognized for being the Most Improved Cutting Operation for the April

to June period when they were guests at a dinner and dance.

Four consecutive months as the safest cutting camp brought the Kimberly-Clark

Camp 68 members and guests together for a dinner at the Nakina Curling Club on September 8th. Twenty of the men have worked from their date of hire without a lost time accident. Woodlands Vice President Don Penna congratulated the men on their achieving true professional status by combining high productivity and safety. The Camp has experienced an 80 per cent improvement in safety performance since the beginning of the year, coincident with producing thirty-seven thousand cords of forest products.

This is a remarkable achievement for a relatively young working unit.

Community Spaghetti Supper

Schreiber Rec Director, Kevin Duguay dishes up a heaping mound of spaghetti to a hungry individual during their recent Community Spaghetti Supper.

On Saturday, September 17, the Schreiber Parks and Recreation Committee staged a Community Spaghetti

Supper. Approximately 120 local residents enjoyed the excellent meal. Helen Wallace of Schreiber

won the \$25.00 grocery voucher, donated by Schreiber Costa Foodateria. Many thanks to those attending this special event. Your interest has provided much needed support for the Drummond Street Playground Project. Good News! On a final note, the Committee will be sponsoring another Community Supper during the fall. Plan to attend and join the fun.
