## "We're all being bluffed"

Dear Karen:

Hooray for "Opinion" of November 2nd issue!

Someone has finally had the guts to tell the people of Ontario how we have been bluffed into an Ontario Bicentennial year in 1984. Thousands of our tax dollars are being spent to celebrate the fact that in 1784 Ontario was a part of Quebec.

**BIG DEAL!!!**

## "Lest We Forget"

Dear Editor:

It is with regret and some misgivings that I have learned that not all our children and their educators will join the Legionnaires at the Cenotaph on November 11th, to honour the 114,000 of their countrymen who died in battle.

While I realize that some institutions may hold their own private programmes, I see no reason that these cannot be incorporated in the community ceremonies.

As parents and educators of our youth, I urge you to see that the children are at the Cenotaph on November 11.

"Lest We Forget".

Connie Bryson

## THANK YOU

I would like to take this opportunity to thank Drs. Croll and Malloy and the Nursing Staff of 5th Floor West, Port Arthur General for their excellent care of my son and myself. I would also like to thank those who took the time to pay a visit and those who sent flowers and cards. They were all greatly appreciated.

Mrs. Joyce Berthelot
