A large number of people turned out for the Annual Bazaar and Tea, sponsored by the Ladies Auxiliary of the Royal Canadian Legion Br. #223 which was held on Saturday, November the 5th.

A wide variety of bazaar and novelty items were on sale to the waiting public and along with this the Ladies also offered numerous raffles plus several games of Bingo.

Legion Bazaar and Tea

Doris Marcella and Lorette Solly were the Legion's Official Tea Servers during the Bazaar and Tea.

The Ladies Auxiliary of the Royal Canadian Legion Br. #223 held their Annual Remembrance Day Tea and Bazaar on Saturday, November 5, 1983. There were a number of people in attendance and they seemed to enjoy themselves.

With Christmas season fast approaching people were buying their gifts early. A wide variety of crafts ranging from macrame to ceramics were available. The knitting table and the bake table had an excellent quantity of items.

A bingo later followed the tea and only a few people stayed to play.

During the tea, Lorette Solly was presented with her 20 year pin; she was extremely surprised. The girls of the Terrace Bay Ringettes along with their leader Linda Falzetta, served at the tea. There were a number of draws and the winners are as follows: the Crochet Table Cloth - Doris Walton, the Baby Quilt - Del Scott, the Smurf Cake - Doris Marcella, the Christmas Stocking - Joan Woods.

Library Leadership Workshop

Rosemarie Thorpe, Chairperson of the Terrace Bay Public Library and Shona Patriquin, were two of more than 200 public library trustees from across Canada to attend the Workshop in Library Leadership ("WILL"), on October 28th and 29th in Toronto.

The two-day model workshop was planned and implemented by a committee of the Ontario Library Trustees' Association in co-operation with the Ontario Library Association. Substantial funding assistance was provided by the Ministry of Citizenship and Culture through the Wintario Grant Programme.

As representatives of the Terrace Bay Public Library Board, Thorpe and Patriquin were selected as delegates to O.L.T.A. "WILL" because it afforded them an opportunity to get subsidized training at trustee workshops, enabling them to pass this knowledge on to other trustees on their return.

During O.L.T.A. "WILL" Thorpe and Patriquin heard speakers, and participated in workshops and small group idea exchanges and information sessions to enable library trustees to more responsibly and effectively carry out the responsibilities of their man-

dated role. Public awareness, policy-making, planning and budgeting, legislation, and advocacy were programme topics. Trustees are encouraged to organize similar workshops at the local and regional levels as a follow-up to their initial experience at the provincial level.

Representatives from other provinces were also in attendance. Ontario is the first province in Canada to provide this education and training opportunity for public library trustees using the "WILL" model, originally developed by the American Library Trustees' Association.

"Circle Tour" guide book promotes tourism

Once again the North of Superior Travel Association is pleased to announce the tremendous success of the 1983 edition of the Lake Superior Circle Tour Travel Guide and that by all accounts, the 1984 edition is looking bigger and better.

Barb McEwen, Executive Director, has received overwhelming support for the publication which is essentially the resurrection of a tourist guide book which promoted travel around the lake during the 60's and 70's. McEwen explains the success of the Circle Tour Guide Book is in part that it has filled a great need for both tourists and area merchants alike, for interesting and

informative tourism-related information. This compact book is assisting Circle Tour attractions and merchants to become involved in pursuing more tourist revenue rather than putting back waiting for the economic hard times to disappear. We hear over and over that this type of non-profit venture under the management of a Tourism Association is what is needed to help those involved become partners in the quest for potential tourist dollars rather than competitors.

The 68 page travel guide will feature full colour covers and two colour, two column interior pages. A map of the Circle Tour with a list of the 30-35 major attractions will occupy the centre spread. Tourists who complete the entire trip will qualify to receive an "Admiral of Lake Superior" certificate by having their travel guide stamped by advertisers in each state and province on the tour.

Due to an increased demand, there will be a 25 per cent increase in

distribution to a minimum of 125,000 copies printed by March 1984, for free distribution to major population centres in the mid-west U.S.A., Ontario and Manitoba. Approximately 40,000 of the books will be made available at tourist information centres on the circle tour highways.

This is the only publication distributed by Tourist Information Centres around the complete Circle Tour in as much as it covers Ontario, Minnesota, Wisconsin and Michigan.
