Should there be a local qualified instructor interested in conducting these two courses, then please contact the Recreation Co-ordinator at 824-2317.

Tips for the Handyman

Most people like the satisfaction that comes with a job well done, and you can do a lot of those jobs around the house and yard a lot more easily if you take time ahead to organize and plan your work. The same is true for hobby enthusiasts.

The first step is organization. Again, the old reliable peg-board is invaluable. It will permit you to hang tools and appliances where you can most conveniently find them and use them. A lightweight vise is also very handy for holding items in place while you are working on them.

If holding items is a problem, try wrapping the handles with cloth tape for a soft, secure grip. You can also dip the handles of your tools into a plastic coating liquid that is available from most hardware stores.

When putting in nails or screws, try drilling a small hole first. They will go in much easier

and it will not affect the secureness of the hold. You can also dip nails and screws into glue before you put them in for additional firmness, but don't expect them to come out that easily!

Many lightweight drills are available have bit holders which will accept different types of screws which eliminates the need to stress your wrist. If purchasing a new drill, try to find one that has both forward and reverse so that you can use it to remove screws as well.

Use "vise grip" pliers instead of regular ones. These units will clamp on to the object you're working on and will eliminate strain on the hands and fingers. They can also be used as a small, portable vise for smaller objects.

Remember, when lifting or moving heavy objects, let the big joints and muscles of your body do most of the work.

secretary will be approached to submit the complete proposal to Northern Affairs, in order to apply for a building grant through the Unorganized Communities Assistance Programme. On a motion by Alex Krystia, Doug

Stefurak was appointed Liaison between the Board and the Fire Team on further developments.

Alex Krystia made mention that the L.S.B. fiscal year ran from October 1st of the current given year to September 30th of the next given year. In light of this fact, it will be asked of each association (water, fire, recreation) to conform to this fiscal period for a more efficient operation. The Chartered Accountant firm of "Plata and Mor-

rel", by recommendation of Alex Krystia, will be asked to audit the L.S.B. books.

The proposed budget for the second fiscal year of the L.S.B. was accepted on a motion by Lester Legault, after discussion. The budget is to be submitted to Cal McDonald of Northern Affairs in Kenora for approval.

The meeting was adjourned at 9:45 p.m.

The next will be held on December 6th at 7:30 p.m.
