

# Cubs tour local Fire Hall

The Terrace Bay Volunteer Fire Department played host to over 20 Cubs who were at the Fire Hall to take a tour of the facilities and to find out just how the firemen

fight fires. In the above photo, Rev. Brian Bigelow, with several of his Cubs look on with interest as Fireman Moe Stark points out several features of the fire truck.

## Attention Boys and Girls!

This is just to remind you that the "NEWS" will be looking for your "Letters to Santa" so that we will be able to start printing them in your newspaper.

Don't forget to include your NAME and your ADDRESS, so that the readers will know who you are and also so we can forward them on to the NORTH POLE!

So start writing those letters and get them in to us right away!

Write: "Letters to Santa, Box 579, Terrace Bay, Ontario P0T 2W0

or

Bring them down to our office which is located in the basement of the Post Office.

We look forward to hearing from you.

## Terrace Bay Council Notes

The regular meeting of the Terrace Bay Council was held on Monday, November 14, 1983 with the Reeve and all Councillors in attendance.

Minutes from the October 24th meeting were adopted as read.

### Business Arising from Minutes:

Councillor Chapman expressed concern and questioned the bill which was submitted to Council from costs incurred on the location of the waterline for Cullmar. The cost to the township was \$165.20 which included labour costs plus the use of the backhoe. It took three days to find the correct line and Councillor Chapman wished to know where the cost for this was. She also argued the point that when A&I wished to connect a waterline, they were told that they would be responsible for the costs incurred. She related to Council that in the future, everyone should be treated equally ... therefore eliminating the possibility of one having to pay, and the other one doesn't.

### Correspondence:

The Ministry of Municipal Affairs and Housing announced that they would be conducting a seminar on the recent revisions to the Building Code. Stan Hodgkiss

will be attending this seminar.

The Association of Kinsmen Clubs requested a donation in the form of a message-of-support advertisement to be placed in their national magazine. Council passed a motion stating that they would support this by purchasing 1/6 of a page in the magazine at the cost of \$165.00.

The Recreation Committee requested with Council, a meeting to discuss their hiring and dismissal policy. Council will be meeting on November 16th to discuss this issue.

### New Business

A review of the aviation fuel agreement with North Star Helicopters was given by Council. 90,000 litres of fuel at a profit of \$9,000 was sold and it was decided by Council to continue this agreement for an additional six months.

Council agreed to a Christmas gift for Birchwood Terrace. Every year Council gives a gift valued at approximately \$50 to the residents of Birchwood.

Terrace Bay Council will be presenting the Koshowski triplets with gifts prior to the next council meeting which will be held on November 28th. It was also noted that both parents

and the triplets will be in attendance for this special presentation by the town.

Council passed a motion to reimburse the Boy Scouts with the total of \$374.54 as their contribution (from their taxes on the building).

Confederation College is offering a Municipal Managers' Training Course with focus placed on new techniques in today's changing municipal environment. The course will run over a period of two years with a tuition fee of \$300 per year. Clerk Co-ordinator Larry Simons was granted permission to take part in this course for the period of one year, with consideration to be given to the second year.

Much discussion was given to the topic concerning computerization of accounting. Council thoroughly discussed the issue but did not want to commit themselves to computerization until they were able to gain more in-depth knowledge on this type of system.

Mr. J. Tarling of Ontario Hydro had requested a meeting date be set with Council to discuss the feeder line. Council will be meeting with Tarling on November 30th.

### Motion, Notices of Mo-

### tion:

By-Law #16-83 regarding handicap parking was discussed and passed. Council can now apply for signs designating handicap parking and these areas will include two spots on Simcoe Plaza, one in the area of the restaurant at the arena plus one in front of the arena.

Ratification of appointments to the McCausland Hospital and Pinewood Court Boards was given. Dave Stewart will be Council's representative to the McCausland Board and Maurice Filion will be the rep for the Pinewood Court Board.

More discussion occurred over the resolution to appoint the Clerk Co-ordinator as the Zoning Enforcement Officer. It was decided that no such appointment will be made until Council has decided whether or not to obtain the services of a full-time By-Law Enforcement Officer.

A motion was passed by Council proclaiming Boxing Day as a holiday.

### Accounts:

Motions were made to pay the following accounts: Hydro: \$59,510.60; Library: \$6,298.18; Township: \$196,726.96.

## Pictorial History to be published

Peter Elliott and Elinor Barr study the photograph collection at the Terrace Bay Public Library. The collection was of the Jackfish area from years gone by.

As part of the Bicentennial celebration in northern Ontario, attempts are being made to publish a pictorial history. Ms. Elinor Barr, a noted Northwestern Ontario historian and author, is currently travelling throughout this vast country of ours, gathering up photographic materials and interesting trivia suitable for such a publication.

Ms. Barr was in Terrace Bay and Schreiber last Wednesday, talking to and listening to various people in the two towns, who could help her locate such material. With her was her counterpart, Peter Elliott from Toronto who is the exhibit photographer for the book and archive collection.

While they essentially rely on corporate and media archives museum collections or material held by historical societies, Elinor is interested in viewing collections held by individuals of the various communities.

The Ministry of Northern Affairs is sponsoring this publication and it is hoped that the end result will become a 'coffee-table' pictorial edition, published by early summer of 1984.

If anyone in the surrounding communities have any data or interesting material, they are asked to contact Ms. Barr through their nearest Northern Affairs of-

ficer who is Jane E. Greer in Marathon. The ministry offices have been designated as drop-off points for material being donated or loaned for consideration. If you don't wish your precious documents or photos to be lent out, then Peter Elliott will reproduce them on the spot.

Let's make 1984 a year to remember. And let's show the other communities throughout the northwest that we too can account for our splendid history. If you are unsure of just exactly it is that Elinor is looking for, then contact us at the "NEWS" or else Jane Greer at the Northern Affairs office (Zenith 33160).
