Schreiber - Terrace Bay
Intermediate
Hockey Report

The 1983-84 hockey season has had a few problems getting started, due to ice problems in both Schreiber and Terrace Bay arenas. Terrace Bay now has their problems straightened out and the schedule has begun. The Schreiber Arena should be open by early December.

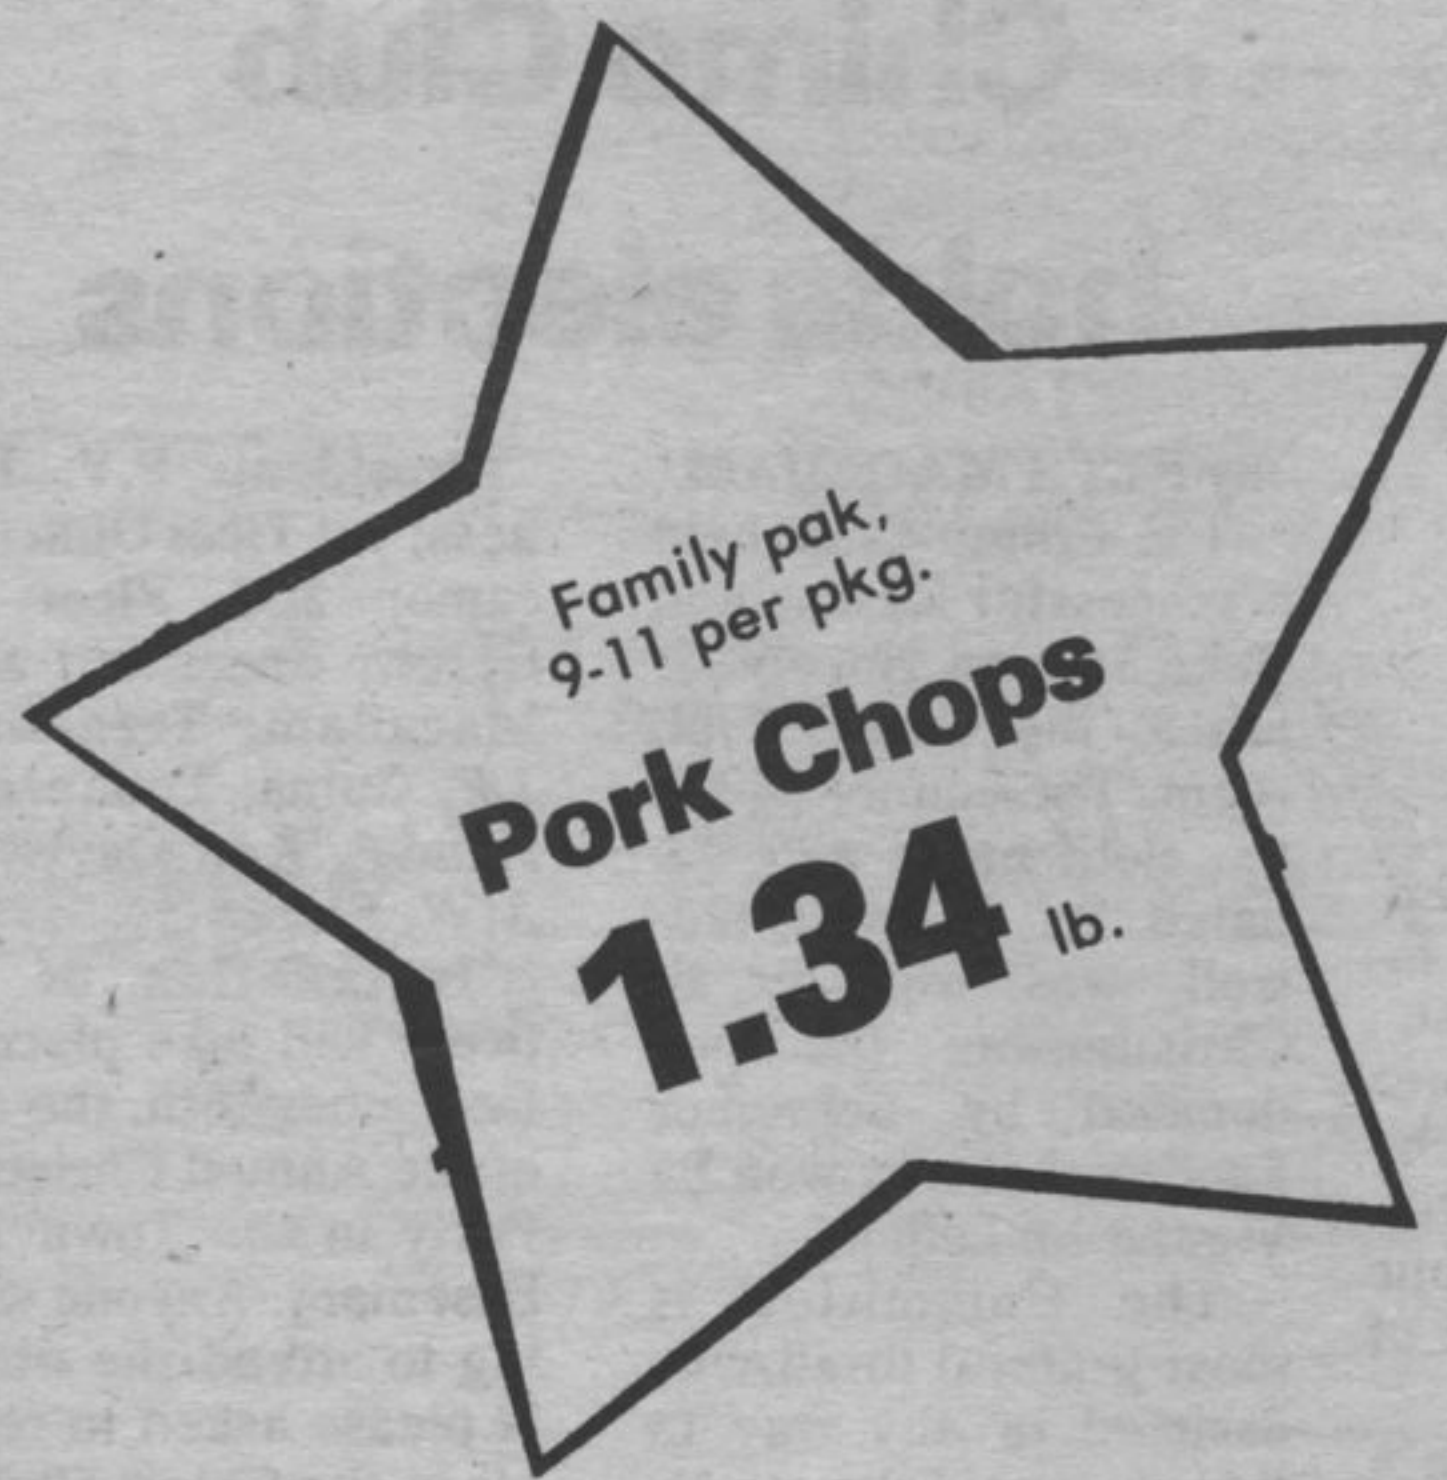

The draft of new players was held in the beginning of October and there were many good players to choose from.

The league champs of the last two years, the high scoring Schreiber Sabres, will now have more scoring punch with top draft choices Brian Hiller, Larry Ross and former junior star Mike Soulliere. One of their problems may be on defence. There are only three regular defencemen and they will have to use a forward back on the blueline. The Sabres seem to have gathered the most talent but will have to put it to use to hold the top spot.

The Terrace Bay Superiors are a hard team to read. They finished in last place last year but pushed the Sabres to the limit in the playoffs. Their main problem last year was lack of scoring punch but with top draft choice, Mark Campbell, that problem may be solved. The team has lost quite a few top players including Don Schroeder who was a

standout last year in the playoffs. Their goaltending will not be quite so strong this year, with the loss of Don. The addition of high draft choice Jeff Fortier should help the Superiors' defence. Last year the defence was very strong but the team has lost a few top defencemen for this season. The Superiors have a hard working team and will challenge the Sabres for top position.

The Schreiber Diesels have been hurt badly this year, by players dropping out. Especially the league's most valuable player, Paul Martin. They still have the league's top scorer, Lawrence McParland, but he will miss most of the first half of the season due to attending school in Thunder Bay. These two players accounted for over half of the team's goals. This creates a hole that won't be filled. Their defence was the weakest in the league last year but top draft choice George Hermes and Gord Ross should make them more respectable. They have also drafted standout goaltender Frank Trichilo, so the team should improve in this department. The defence and goaltending for the Diesels should be greatly improved and if the forwards can come through, the Schreiber Diesels could take a run at the other two teams.

- GROUND BEEF 1.08 lb.
- GROUND CHUCK . 1.68 lb.
- GROUND PORK ... 1.28 lb.

Maple Leaf Brand, 8-24 lb. average
