New "Colours" concept for Terrace Bay-Schreiber

Personal consultations on a new concept in fashion co-ordination called "Colours" is being offered to men and women on Thursday, Dec. 1st to Monday, Dec. 5th in Terrace Bay.

Lorraine Payette, who is organizing the demonstrations for Dianne Mikoski of "Colours" in Thunder Bay, said Colours is for men and women who want to know how to achieve a healthy, well co-ordinated, expensive look, no matter what their budget, in a fraction of the time. "Colours helps a person eliminate guesswork from fashion and colour co-ordination," she added.

During the two hour demonstration, Mikoski will help each client locate the exact shades of colour that compliment their natural skin tone. She will also demonstrate makeup application that best suits each woman's skin tone as well as her lifestyle. "Colours is basically for anyone whether they are fashion conscious or not, or whether they prefer a lot of makeup or none at all," Bruce said. "For men, Mikoski will help them co-ordinate their wardrobe with colours best suited for them."
