

poet's corner

Peace can be still
Or very noisy
Rushing in torrents
Or languishing in quiet pools
Spilling over, frothing whitecaps
Or moonlight on a becalmed lake
Peace is always joy.

Love too can be quiet
A cherished memory
A shining tear clasped
Closely to the heart
Or waterfalls of sheer delight
Tumbling in the mind and soul
And plunging into ecstasy.

Trust can be so comfortable
And easy chair, well-worn slippers,
Good friends who really know
And really care regardless
An inner strength of certainty
No place for fear or undefined
Forebodings and anxiety.

So keep these three
Peace, love and trust
Most closely bound
On to your heart,
Tenderly caressed and cherished
Pearls of life, wholly unblemished
Treasures of the inner soul.

C.P.R. instruction gets underway at K.C.

by S. MARK
Gerry Withers and Bill Love took time out of their busy schedule to take the Editor and myself on a cook's tour of the mill approximately two weeks ago. My husband works in the mill, therefore it was very interesting to me. Every so often he tells me about jobs that he has done that day and most of the time a puzzled look comes across my face because I'm not sure what he is talking about. After the tour was completed, I will

have a good idea of what he has been talking about. I can also understand why Standard First Aid and CPR training would be an asset to any employees working in the mill.

In a previous edition of the paper an article was written on the SFAP being done in the mill and the CPR training they hoped to start as soon as possible.

The first of the CPR courses was started the weekend of Nov. 26 and

27, in the training centre at Kimberly-Clark. It was a 12 hour course with the primary purpose, to give the participants a basic training in CPR and also to assist in selecting four or five candidates for further development into CPR instruction in the hopes that they will become CPR instructors for Kimberly-Clark. CPR Instructor Don Moors from Confederation College in Thunder Bay, instructed the first course, with thirteen people in attendance,

they were: S. Currie, G. Davis, M. Deschamps, J. Dunn, R. Fournier, A. Gereghy, R. Hopper, A. Mark, J. Mykiety, D. Riley, T. Walton, C. Withers and D. Lavigne. In talking to Gerry Withers on Tuesday, he commented that all employees that took the course passed and they are waiting for recommendations from the instructor, for whom, he would recommend as in-

structors, of CPR. Mr. Withers also commented that the Instructor was very pleased with the effort done in the training and he went as far as to say the employees were exceptional in their comprehension of the training.

Congratulations to all the employees who took part in the training and to K.C. for initiating such a programme in the mill.

rossport notes

by ANNE TODESCO
Mr. and Mrs. Jack Campbell and son Daniel, spent the weekend in Thunder Bay on business and visiting friends.
Mrs. Anne Todesco

was a patient in McCausland Hospital and returned home on Friday.

Mr. and Mrs. Albert Boudreau of Timmins surprised his sister, Mrs. Josephine Hubelit

on a visit during the week.

The tugs and boats are all laid up for the winter and all is quiet on the water front.

Mrs. Walter Gerow is a patient in the McKellar Hospital having undergone surgery. We hope that she will soon be home again.

24-hour heliport for Marathon

The Heliport at Wilson Memorial General Hospital in Marathon has been licensed to operate 24 hours a day. The announcement was recently made by acting Health Minister Keith Norton and Leo Bernier, Minister of Northern Affairs.

The Ministry's Air Ambulance *Bandage 3*, stationed at Thunder Bay, has been available in this community only during daylight hours on a special waiver from Transport Canada to operate without a licensed heliport.

There are now 33 heliports in Ontario licensed for 24 hour air ambulance use.
