

Local student honoured

At a recent Awards Ceremony held at the Humber College of Applied Arts and Technology in Toronto, some local students were honoured for their individual achievement. Included among those students was Bruce Lang of Terrace Bay. Bruce won the Canadian Society of Safety Engineering Award; an award given to a student in the

Safety Engineering Technology Programme who has maintained a consistently high academic standing.

Congratulations go out to Bruce and his family here in Terrace Bay.

Pictured above Bruce, right, accepts his award from Mr. F. Follett of Humber College.

We want to hear from YOU!

The "NEWS" wants to know what's going on out there. Just because we run a newspaper, doesn't necessarily mean that we know everything that's happening. Sometimes we are the last people in town to find things out! But you, the residents of Terrace Bay, Schreiber and Rossport are involved in numerous and various things; be it

clubs, organizations or groups. You are the ones who should be telling us about what you and your groups are doing.

If you have a special event taking place - if you wish to obtain more publicity for your group - or if you just want to report on your club's monthly meeting, please send your informa-

tion or your articles to us at the "NEWS".

There is no charge for using the "Community News" page; it's there just for your use. So why not use the space to the fullest. Let's fill it with photos, tid-bits, and community info.

By the way ... if you or your organization are planning ANY type of event for the upcoming

Bicentennial celebrations, please keep us informed. The "NEWS" hopes to publish a regular column called "The Bicentennial Update", but we need your assistance to do this. Just drop us a line (Box 579, Terrace Bay); give us a call (825-3747); or drop by to see us (lower level of the Post Office). We will appreciate your assistance.

Ontario North Now to hire students

Students in Northern Ontario will be given an opportunity once again to work at Ontario Place this summer, staffing the pavilions at Ontario North Now, as well as Ontario Place's other attractions. A special hiring team will be travelling to major northern centres this February to interview applicants for Ontario Place hosting positions.

Successful candidates will receive a transportation allowance from the Ministry of Northern Affairs to offset the costs of travelling to, and returning from, Toronto. The allowance will be equivalent to the bus fare between Toronto and the employee's home town in Northern Ontario.

Advertisements appearing in Northern Ontario newspapers this week and at student placement centres in the North's colleges and universities, invite students to write to Ontario Place for application forms or to pick them up at any local northern af-

fairs office. These forms must be completed and returned to Ontario Place by Jan. 31, 1984 in order for the applicants to qualify for a northern interview.

"In the past, all interviews for Ontario Place jobs have been conducted in Toronto, a practice that made it difficult and expensive for northern students to apply," said Northern Affairs Minister Leo Bernier. "By interviewing northern applicants in their own areas, we are ensuring that Northern Ontario students will have an equal opportunity to apply for

available jobs. In order to qualify as a northern candidate, a student must establish that his or her prime residence is in Northern Ontario, and that he or she intends to return to a secondary or post secondary institution.

The Ministry of Northern Affairs also plans to conduct a one and a half day workshop in May during the training week for Ontario Place staff. The workshop will give all the hosting staff an appreciation and understanding of the entire north - its lifestyles, geography, resources, industries

and attractions.

Bernier added that regular staff from his Ministry would also be on duty at Ontario North Now at all times, as they were last year, and that Northern communities would again be setting aside weeks for special activities at the pavilions.

ONTARIO
BLUE CROSS

Are you guilty of this?

With the large influx of that fluffy white stuff commonly referred to as snow, people are finally able to take up their favourite winter sports again. For example: cross-country skiing, tobogganing, snowman building, and most of all - skidooring.

But now is the time to remember that not everyone appreciates those types of sports, especially if you're not doing them in the designated areas.

McCausland Hospital Administrator Don Ross told the "NEWS" that they have been experiencing some problems with ski-doo's in the vicinity of the hospital. Several ski-doo's have apparently been stopping on the heli-pad on the hospital property. When the machines are left running, the probability of hearing an approaching helicopter is very slim. Don Ross would like to ask the people of Terrace Bay to please use another area for their sport. Not only is the area of the hospital off-limits to skidoos, it is also posted as a 'quiet zone.' Please give the patients the benefit of a peaceful stay in the hospital and run your machines elsewhere.

Also take note that under the noise by-law which is enforced by the Township of Terrace Bay, it is unwise to run your machines past the curfew. Upon conferring with the Clerk-Co-ordinator Larry Simons, the public are asked to note the following by-law.

If you're a snowmobiler, make sure that you are aware of the rules and regulations that pertain to the use of these machines.

WEDDING ANNOUNCEMENT

**Bonita Patrick
&
Michael Souliere**

will be exchanging marriage vows on
**Saturday, January 21, 1984
at 2:00 p.m.**

in Grace Baptist Church,
Bayview St., Schreiber
We request the attendance of all our
friends at this special occasion.

THANK YOU

We would like to thank our relatives and friends for their generous assistance with the dinner at our daughter Doris' wedding. To all our unknown donors of salads and cakes - thank you.

We offer a special thanks to Cathy Lemieux, Cecile Wilson, Lil McBride, Retta Pearson; our nephews Brent Morrill, John and Martin Redins and the Spadoni family.

Thank you to Maureen and Karl and Harold and Lorette for housing our overflow of company; to Ambrose, for driving the bridal party and to our children for their help.

Gordon and Phyllis McParland
