Voltage test set for January 17th

Ontario Hydro will conduct a routine voltage reduction test on Tuesday, January 17th.

Voltage on the Ontario electrical system will be reduced by 5 per cent for two one-hour periods: from 1:30 p.m. to 2:30 p.m. EST and from 6:30 p.m. to 7:30 p.m. EST. For most customers, the effects of the reduction will be imperceptible.

The purpose of the test is to ensure that in an emergency involving, for example, the breakdown of a large generating unit, Hydro could prevent power interruptions. A 5 per cent voltage reduction is equivalent to more than 500,000 kilowatts, enough to meet the needs of more than 180,000 homes.

The tests are carried out each year in the months of January and July.

The presses are rolling

The presses of the WaWaTa News will continue rolling to keep the Native people in northern Ontario informed, said the Hon. Susan Fish, Ontario's Minister of Citizenship and Culture.

The minister was announcing a \$25,000 grant to the WaWaTa Native Communications Society to offset the costs of publishing a newspaper.

The WaWaTa News is a bilingual newspaper that is published monthly and provides coverage of the communities in the Grand Council Treaty #9 area in northern Ontario. The WaWaTa News is planning to hire a Cree translator so the paper may be written in three languages.

The WaWaTa News keeps the Indian people informed about their community and assess-

es general news from their own perspective and besides English, the paper is also published in syllabics, a form of Indian alphabet, which helps provide cultural continuity and preserve the Native heritage.

The WaWaTa Native Communications Society provides a variety of services and programming for the 20,000 Indians on the reserves in the Treaty #9 area. Besides a monthly newspaper, the society also provides a trail radio programme for trappers in outlying communities, assistance to local radio stations, and translation services. The society has technical and radio training programmes and is making efforts to hire an additional typesetter.

The grant will be administered by the ministry's Native Community Branch.

7th annual Sibley Ski Tour

Grab your toques ... wax up those skis ... and come one, come all to the 7th Annual Sibley Ski Tour to be held on March 3rd at Sibley Provincial Park Boundary at Pass Lake.

Participants may choose from the 50 km route which offers the seasoned cross-country skier a challenge and the opportunity to test their skill and stamina; or the 40 km route which is popular with the "not so seasoned" skier who merely wishes to enjoy a fun day's outing; or the 20 km route that is designed to be shorter trail, suitable for families or small groups.

All skiers completing any one of the 20 and 40 km distances will receive a bronze achievement medallion indicating the distance completed. For the 50 km, medals will be awarded as follows: Gold (within 10 per cent of the average of the 3 fastest skiers in your class); Silver (within 25 per cent of the average of the 3 fastest skiers in your class); and the Bronze (for completing the distance).

Age classes for both men and women are: 19 and under; 20-29; 30-39; 40-49; and 50 and over.
