Complimentary Programme

*A Great Start  
for 1984*

1984 is a particularly historic year for the town of Terrace Bay, with the celebrations planned for our 25th birthday and the Bicentennial.

The exceptional work being done by our Kinsmen members of Terrace Bay is just an example of what we can look forward to in 1984 right here in town.

We urge the citizens to participate and join together for these celebrations.

**Karnival Chairman -  
Mac Rogerson**

I would like to take this opportunity to thank my Karnival Committee Members; Don Young for being my right and left hand, Rick Moquin for the advertising, also Stu Almost, and most of all Roger Fournier who organized all the Arena Events from his hospital bed and my wife Donna for not divorcing me.

Special thanks to all participating organizations for their help and support; The Lions, The Moose, The Women of the Moose, the Figure Skating Club, Birchwood Terrace, The Terrace Bay Minor Hockey Association, the Terrace Bay Oldtimers, the Broomball League, Mom & Me, the Terrace Bay Trappers Association, Thunderbird Crafts and the Recreation Centre; as well as all of the Terrace Bay business people who sponsored this special Karnival Issue in the "News".

At this time, I would also like to thank the Kinsmen Club of Terrace Bay for giving me the opportunity to co-ordinate this event with only five months experience in the club. May I recommend that anyone interested in joining the club should contact any of the members mentioned above.

COME OUT AND ENJOY!

Karnival Chairman  
Mac Rogerson

*From the President...*

This is the only week during the year in which many of the clubs and groups in the community work together to organize an event that everyone can enjoy.

Therefore I urge you to come out to support them and shake off the "Winter Blues".

President  
Mike Rust

*From M.P. Keith Penner*

To all participants in the 1984 Terrace Bay Kinsmen Karnival, the organizers and supporters of this event have worked hard to ensure that activities reach groups of all ages.

In Northern Ontario where winter is very much a part of our lives, people must divert their minds from its hardships. It is on occasions like these, where one can relax and enjoy themselves.

Best Wishes for a Happy Karnival.

*From M.P.P. Jack Stokes*

It gives me great pleasure to be able to endorse the activities of the Terrace Bay Kinsmen Club in the excellent work that they do in and for their community. These labours of love such as the KIN KARIBOU KARNIVAL not only promote events which bring the community, young and old, much closer together, but any proceeds from these events are dedicated to worthwhile club projects in aid of those less fortunate. Kinsmen and Kinettes are worthy of all of the support that we can give them.
