

Shave and a Haircut

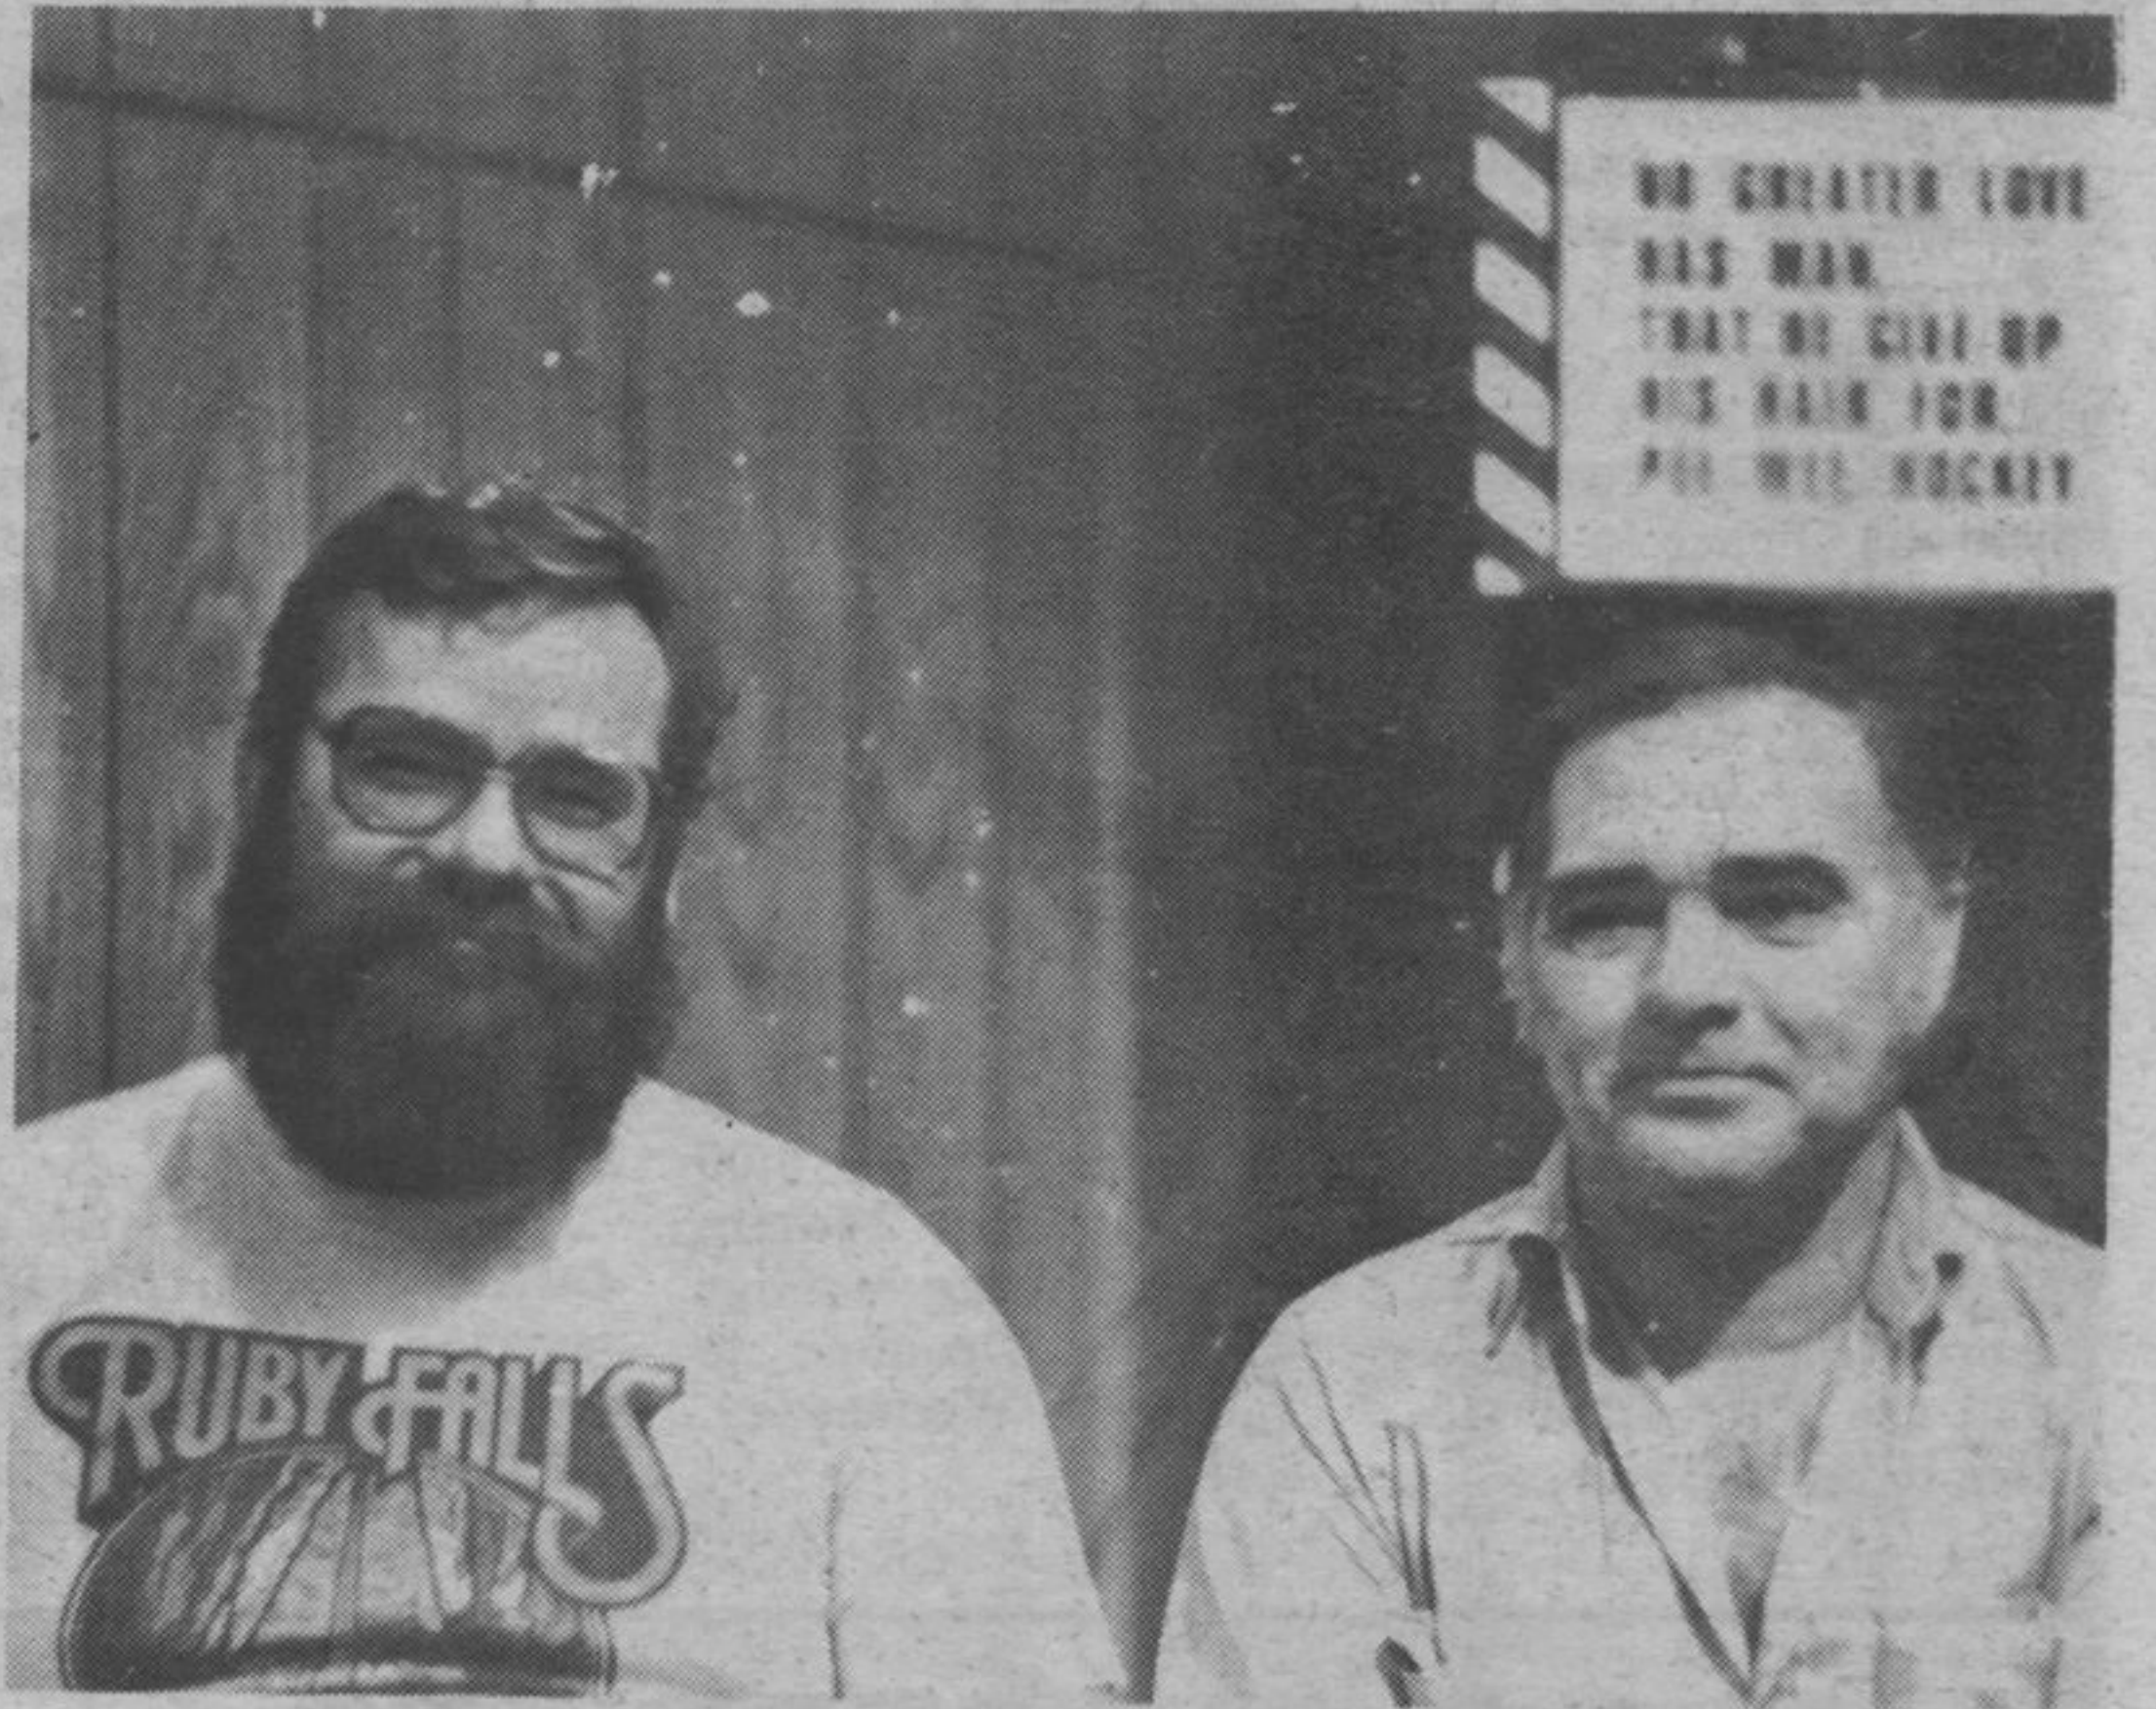

Worth \$400

It takes a special kind of person to submit himself to public betting, but these gentlemen above threw their hat in the ring and went through with the bet - all in the interest of Pee Wee Hockey. Pictured above are: Cheryl

Gladu, the barber for the evenings event (seated); (Back row - l-r) Dick Morriseau, Slim Dorman, Dave Smeltzer, Stan Greenwood and Rolly Sinotte. (Front Row l-r) Lloyd Snider, Don Pawlett and Ed Barry.

The two losers of the bet (or winners for Pee Wee Hockey) were Stan Greenwood (left) and Ed Barry (right). Yes folks - right now they're still smiling.

Terrace Bay Council Report

The regular meeting of the Terrace Bay Council was held in Chambers on March 26th with all Councilors and the Reeve in attendance.

Prior to regular business, a delegation of local businessmen from Simcoe Plaza addressed Council on the topic of sidewalk snow removal within the Plaza area. The By-Law which is now in effect stated that the town is responsible for snow removal from the side walks that are not classed as private property. Because the merchants own the piece of sidewalk in front of their stores, they are responsible for the maintenance of said sidewalk. This includes snow and ice removal. The businessmen stated they did not have access to sand or ice as the township does, and it would make more sense if the township saw that the sidewalks were freed from ice and snow. Council then stated that the sidewalk maintenance would be paid by the taxpayer because of the time involved in maintaining them.

Reeve Speer wished to resolve this matter, as he expressed concern

for the safety of the people of Terrace Bay. Already this year, there have been four separate incidents where people have slipped and fallen on this portion of sidewalk because of the build up of ice and snow. He wants to make sure that this does not occur again under the same circumstances. Council will take the comments of the local businessmen and discuss this matter at greater length. Their decision will be made shortly. The meeting was then turned over to regular business.

Minutes from the March 12 regular meeting and the March 19th special meeting, were adopted as read.

Correspondence

The Terrace Bay Minor Hockey Association wrote to Council to express their concern about the conduct of the Recreation Director at one of their recent meetings; as well, the Chairman of the Recreation Committee also expressed concern over this matter in a letter to Council. A delegation of parents of Minor Hockey players along with Doug Roberts, President of the Terrace Bay Minor Hockey Association,

were on hand to discuss this issue. Because Council felt that the letter dealt with personnel hired by the town, it was decided that they would meet privately with two representatives from each of the Recreation Committee, the Minor Hockey Association, two concerned individuals, as well as Council. This meeting was to be held on Tuesday, March 27th, in Council Chambers.

The Minor Hockey Association also requested assistance from Council for the construction of a trophy case which is to be installed in the Recreation Centre to house their memorabilia. Council will also deal with this matter during their meeting with Minor Hockey.

NOMA sent advance notice of their annual convention which is to be held at the Airplane Hotel in Thunder Bay on May 3, 4, and 5th. Council is preparing to attend this very worthwhile convention.

The Community Planning Advisory Branch of the Ministry of Municipal Affairs and Housing provided Council with advance notice of

their annual Northwestern Ontario Planning Conference which is to be held in Kenora on September 13th and 14th.

New Business

Permission was granted by Council for Peter Barz of the Public Works Department to attend a course on basic gas chlorination in Bramp-ton on April 30 through to May 4th. The Ministry of the Environment suggest that this course would be educational and relevant to his work. Mr. Barz will attend at the expense of the municipality.

Permission was also granted for Roy Cornfield of the Public Works Department to attend the annual Canadian Public Works Exhibition in Toronto on April 3rd, 4th and 5th. Included in the exhibition will be various workshops and seminars which are pertinent to his job.

The Police Department requested that the Chief of Police attend the Chiefs conference, to be held in Timmins, and for Officer Smeltzer to attend an Advanced Training Course in Alymer, Ontario, during the first three weeks of

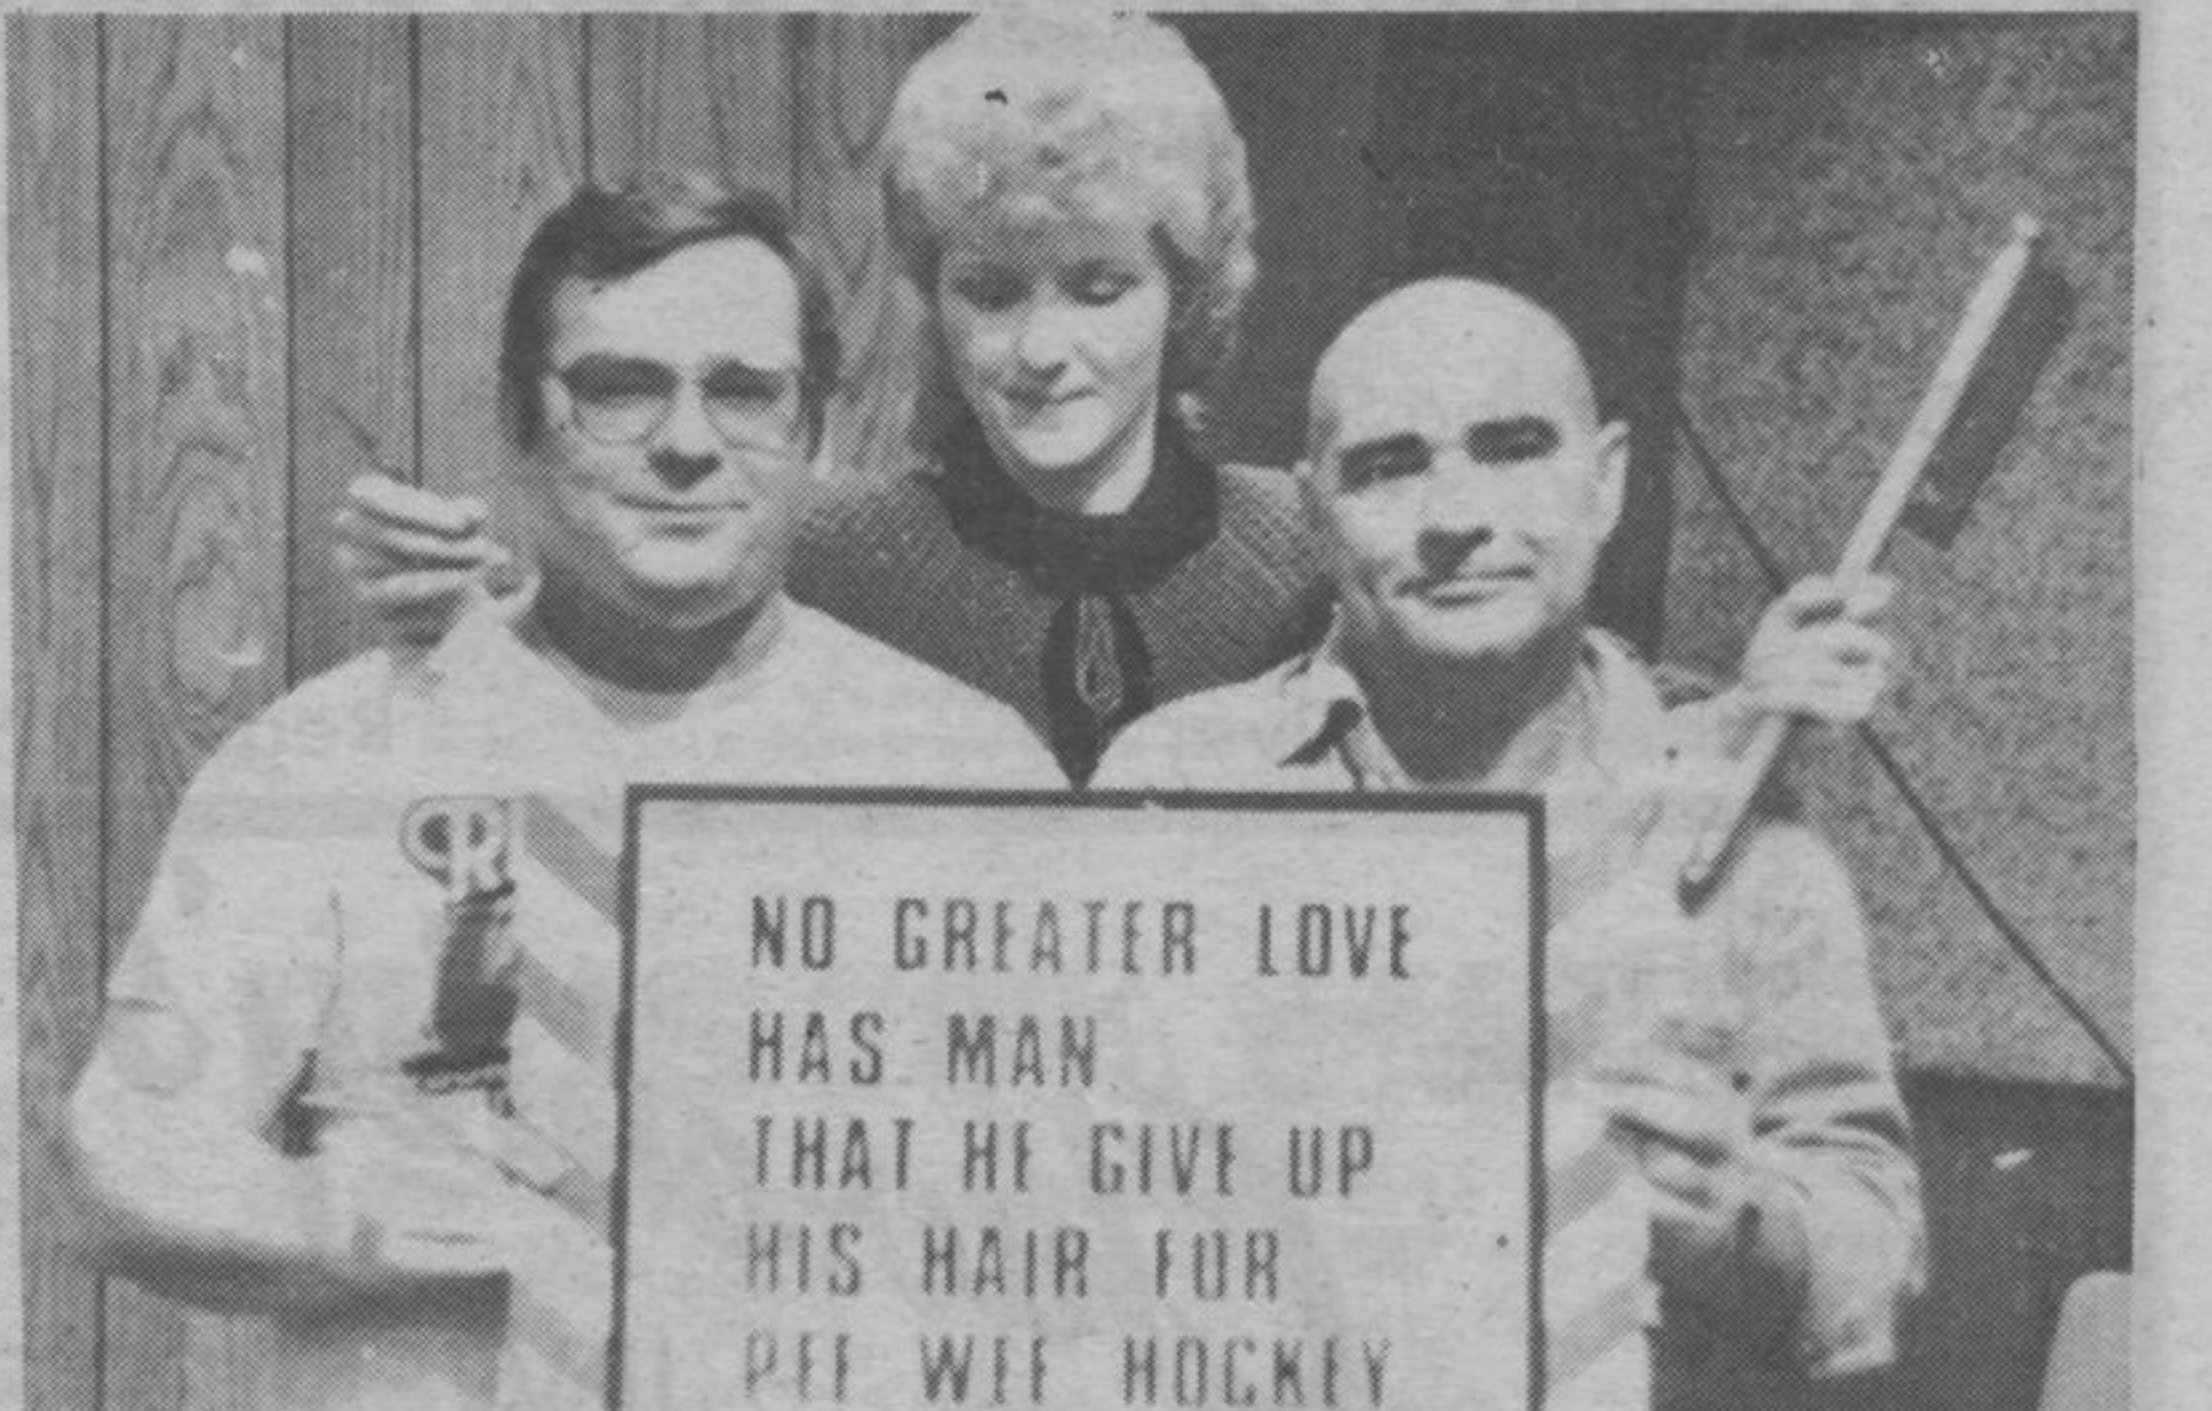

continued on page 2

Cheryl with shears in hand, rids Ed Barry of his golden locks. Look at it this way Ed... the hair cut was free... and you won't need another one for about a year.

With somewhat of an oversized razor (handcrafted by a sporting fan) Cheryl rids Stan Greenwood of his 1971 moustache and his rather lengthy beard.

The sign pictured above, says it all... "NO GREATER LOVE HAS MAN... THAT HE GIVE UP HIS HAIR FOR PEE WEE HOCKEY". The Pee Wees certainly appreciate the efforts done in the Legion's fundraising project. Thanks go out to all those many people who contributed towards the event and a special thanks to Stan and Ed, who although they lost their hair... they came out of it being the biggest winners of all.
