

Council...

continued from page 12
maintenance of the area).

The Clerk was requested to retrieve the Policy and

Procedures Manual recently revised by the Committee so that Council may provide their input on same.

No suggestions were received by the residents of Schreiber concerning the nomination

of a candidate for the Bicentennial Medal. Council indicated that they would provide a suggestion directly to the Office of the Premier in that regard.

New Business

Council reviewed a presentation of the Ministry of Natural Resources concerning the Floodline Mapping programme available for

that Ministry. The programme provides for the mapping of those areas subject to flooding and thus provides information to Council on which decisions as to the development of these areas can be made. It was moved by Council that the floodline mapping be carried out on Cooks Lake Creek watercourse within the town-

ship.

A resolution was passed that the taxes paid by the estate of W. Holland be cancelled and written off due to a prior error. The Clerk was advised to refund this to the estate and to adjust the matter.
