New Rector/New Mother

Reverend Sharyl Mariott-Lowry and daughter Anne display their cheerful dispositions.

by LYNNE BADGER
Terrace Bay, Schreiber and Rosspport bid a fond welcome to Reverend Sharyl Mariott-Lowry, the new rector for the Community Church in Terrace Bay, St. Andrew's in Schreiber and the Union Church in Rosspport. Besides her warmth and vitality, Sharyl brings to the area her husband Andrew, a mechanical engineer at Kimberly-Clark and daughter Anne who is 11 months old.

Reverend Mariott-Lowry received her Bachelor of Religion from Carleton University after four years of study and after another four years graduated from Queen's in 1983 with a Master of Divinity degree. She hopes to obtain her Doctorate eventually. Until such time as she returns to the academic life, she is enjoying raising Anne and getting to know the people in her extended parish.

The Lowry family seems to have been

tailor-made for the area. The person responsible for matching ministers with "Charges" in the United Church was told that he needed a minister with a family and a varied religious background and it would be especially appreciated if a mechanical engineer came along in the package. Reverend Mariott-Lowry was able to meet all criteria, even the last which was said in jest.

She was born in Quebec but spent half her

life moving back and forth between Scotland and Canada with her father, an engineer for the Defence Department. In Scotland she attended Catholic and Presbyterian services and in Canada she frequented Anglican and United Churches.

Since her arrival in the North, Sharyl has seen four moose and run over one but none the less is impressed with the area, particularly the scenery. She plans to continue her hobbies of needlework, woodwork and reading but has been compelled to give up horse-back riding unless she can find a tame moose! Services will be held Sundays at the Community Church at 11:15 a.m., St. Andrew's at 9:45 a.m. and at the Rosspport Union Church at 7:00 p.m.

Do not be surprised to find that a little of Reverend Mariott-Lowry's varied religious background comes through in the services, resulting in a truly "community" church.

Clinical Director Replaced

The North of Superior Community Mental Health Programme is pleased to announce the appointment of Dr. Frank Covington as Clinical Director to replace Dr. Tim Turner who is returning to London, Ontario. Dr. Covington is a community psychiatrist with broad academic and clinical experience. He has consulted to numerous psychiatrists, correctional and social services programmes in his home state of Mississippi. During this year he and his family relocated to Timmins where he joined the staff of St. Mary's Hospital, and as of July, he will be moving to the Thunder Bay district.

Dr. Covington's primary responsibility with the programme will be to offer direct clinical supervision to the mental health workers in the local community offices.

In addition to his role of Clinical Director with the North of Superior Programme, Dr. Covington will be consultant to other mental health programs and hospitals in the district of Thunder Bay and other sections of Northwestern Ontario. As in the case of Dr. Turner, Dr. Covington holds an academic appointment in the Department of Psychiatry in the University of Western Ontario.

The Board of Directors and staff of the North of Superior Community Mental Health Programme wish to publicly express their appreciation to Dr. Turner for his pioneering efforts in establishing the programme and our satisfaction at being able to maintain high standards of psychiatric support with the appointment of Dr. Covington.

Ladies' Golf News

May 29th was a good start to the golf season with eleven ladies out to the first twilight. Winners were:

THANKS

It took the co-operation and hard work of so many individuals and representatives of organizations and successfully run the

25TH ANNIVERSARY WEEK OF THE TOWNSHIP OF TERRACE BAY

that I find it impossible to list them all by name. So to each and everyone of you, I say

THANK YOU VERY MUCH!

and to all of those who took part either as participants or spectators, my sincere thanks also, because without you the week would not have been the success that it was.

(Councillor) Ollie Chapman,
Chairman Terrace Bay 25th
Anniversary Committee

ATTENTION

SCHREIBER RESIDENTS

The township's water supply will be turned off on

Tuesday, July 24, 1984 from 8 a.m. to 5 p.m.

The purpose of this shut-down is to connect the new water treatment plant to the water distribution system.

Please remember the following:

1. Locate your main shut-off valve and be sure it works.
2. Some dirty water may be noticed after service is returned or during the next few days. Run your water to remove this material.
3. Fix all small leaks before the new plant start-up and check all your plumbing after the start-up. (also on July 24)

**Sorry for any inconvenience,
Schreiber Engineering Department**
