

Candidates' Campaigns Commence

Desjardins greets

Terrace Bay and Schreiber

Guy Desjardins, Federal Progressive Conservative Candidate for Cochrane-Superior introduced himself to

many Schreiber and Terrace Bay residents both downtown and in their homes.

Progressive Conservative candidate Guy Desjardins was in Terrace Bay and Schreiber on Thursday, August 2 introducing himself to the North Shore electorate. Mr. Desjardins is seeking the Cochrane Superior seat in the upcoming Federal Election on September 4. He believes that the riding needs a regional resource development plan.

"Cochrane Superior Riding is one that has much potential in Natural Resources," said P.C. candidate Guy Desjardins, "but the development of those resources will not come about by itself and what is sorely needed is a regional plan and some one to push that plan."

The North Shore area including Terrace Bay, Schreiber, Marathon, Manitouwadge and the new development at Hemlo needs a natural gas supply, according to the federal candidate, instead of having to use coal and oil at terrific cost as well as adding to an already aggravated pollution problem.

"I will work towards the construction of a lateral natural gas line south off Geraldton

along the glacial gravel deposit to serve the North Shore," said Desjardins. "Such a line could be constructed at much less cost than a previously investigated and forgotten project through hard rock along the shore of Lake Superior," stated Guy Desjardins.

This project would have many advantages, including providing some much needed construction jobs, estimated at 200 person-years, work for equipment operators and suppliers and would help to launch some much needed secondary industry in the area.

"The people along the North Shore should have the same opportunity to share in a Canadian Energy Supply as those citizens from other parts of the riding who happen to live close to the Trans Canada Pipeline", said Desjardins.

"I have a plan to bring about some concrete action on the industrial mineral potential of the region", said the P.C. candidate.

Guy Desjardins proposed a joint development agreement between the Federal and Provincial Govern-

ments, which he said would be greatly simplified by two progressive Conservative Governments being in power. "The identification development incentives and economic assistance to uncover the wealth of hidden natural resources in the country is the responsibility of all governments and by joint and united action", said Desjardins.

"Through intensive aeromagnetic and field investigation funded by the Canadian and Ontario Governments and development assistance tied into over specific periods of time, we can attract private sector mining and industrial firms to go over our region acre by acre", said the Federal candidate.

Mr. Desjardins noted that Natural Resources belong to the people and the government of the people cannot wait for development to happen by chance, therefore it must be planned, pursued and pushed. "I plan to push", said Guy Desjardins.

One of the principal problems facing the Forest Industry in the Cochrane-Superior Riding and that it remains continued on page 10.

Penner visits Schreiber and Rosspport

Keith Penner M.P. was recently in the Schreiber and Rosspport area calling on constituents. In his rounds he was accompanied by Liberal supporter Harold McParland, a former Reeve of Schreiber.

Penner was uncontested for the Liberal nomination at a party meeting in Kapuskasing on Friday July 27. The M.P. for Cochrane Superior was acclaimed as the Liberal candidate at a packed, enthusiastic nomination meeting in Kapuskasing Friday evening.

Deputy Prime Minister Jean Chretien told the crowd gathered that a new liberal administration under John Turner would preserve the best of the past but accept the challenge of the

managed government capable of responding to the demands for economic development and job creation in Canada.

Penner, in his remarks, emphasized his experience of 16 years as an M.P., his commitment to this Northern Ontario riding and to his long list of achievements for all the communities of the constituency.

The Liberal Party, he stressed is a party which is positive in its policy thrusts. It is for Canada, it's own flag, national anthem, constitution and the person of a Canadian Governor General. The Liberal Party is for medicare, a system of social security, world peace, and equal opportunity for all, including women, youth and minority groups.

said, "is that the Progressive Conservative party tends to be against almost any innovation. The Federal P.C. party tends to be a coalition of complainers."

The Penner Liberal Campaign, he feels is well-organized and experienced. Nothing however, is being taken for granted. For several weeks now Penner has been on the campaign trail activating the organization and meeting hundreds of electors where they live and work. "It is important for me," said the M.P., "that we register a strong liberal vote in the riding. It will certainly strengthen my hand in the new Parliament of Canada after September 4." Mr. Penner will return to the North Shore communities early in

Multicultural Assoc. Shares the Wealth

The Terrace Bay/Lake Superior Multicultural Association made a donation to the local Scout and Guide movements from the money raised by the Intercultural Festival. The cheques are to be split between Terrace Bay and Schreiber and represent an attempt to share the success of the event which depended entirely upon

volunteer support. Anil Kripilani, Treasurer (left) presents a cheque to Gerri Turner representing Brownies, Guides and Pathfinders and Joe Earl, president, (right) presents the other to Don Pawlett representing Beavers, Cubs and Scouts.
