They're Winning Their Fight For Independence

Thousands of children like Timmy & Tammy get the help they need from Easter Seals to carry on their fight for an independent life.

Your help is needed, too.

continued from page 1 competitive with producers who are closer to markets, is transportation costs. The Federal Candidate noted that the Pulp and Paper Mills and Lumber and Plywood Operators in the region are not only at a disadvantage because of distance from market which automatically brings about added costs but are also at the mercy of freight rates which are uncompetitive and unrealistic.

Desjardins' solution to the transportation cost problem is the acquisition of the Canadian National Rail Line between Cochrane and Nakina by the Provincial Government and operating by the Ontario Northland Railway.

"I will actively seek the transfer of the Rail Line from the Federal

Crown Agency which obviously isn't interested in the development of our region to a Provincial Agency whose mandate is one of a development road", stated Desjardins. "Such an Inter-

Government transfer will be enhanced many fold with two Progressive Conservative Governments carrying out negotiations", said the Federal hopeful.

the Ambassador Bridge. Also, the show will present a Great Lakes Seaway Segment sung by three sailors narrating Ontario's marine scene while a song about the mining men of the north describes the silver and gold discoveries.

To enhance the performance, students in the audiovisual program produced a multi-image audio-visual show displaying scenes pertinent to the subjects depicted by song and dance.

This showcase of young performers will undoubtedly delight audiences across Ontario. Humber's program of song and dance is creative and entertaining, and especially appropriate considering its composition of home-grown talent.

This exhilarating show is designed to entertain and enlighten audiences throughout Ontario.

The show is scheduled in conjunction with other community Bicentennial activities, throughout the province. Presently it is travelling to communities in southern Ontario and will travel north this August. The show will take place in Schreiber on August 21, 1984 at the high school ball field.
