

Your Opinion . . .

Question: Do you think that the dogs are in control or does something more have to be done in Terrace Bay? If so what are your suggestions?

Be prepared Schreiber. Next week's question is for you!

Bunny Singleton

Dogs are in control - that's the problem. Pet owners need to start looking after their dogs and a pooper-scooper by-law enforced. I'm mad when dog owners take their leashed dogs to the park across from my house to keep their own yards clean. When Larry Simons wrote me in response to a letter I wrote addressed to Council concerning a "pooper scooper by-law", he thought I might see the "results" of responsible dog owners soon. I felt like bringing him a bag of results.

Cathy Withers:

I have 2 dogs, but they don't wander. Yes, the dogs are in control in our area. One dog does wander from other areas. Few dogs are strays.

Vi Drexler:

The only thing that bothers me is the dogs that are loose in the school grounds. But they are very well controlled and I do have dogs.

NOTE: Photos not available due to a malfunctioning camera.

Doris Walton:

I think people who have pets should keep them on their own property and if they are walking them, they should be on a leash. I think that Terrace Bay should have a poop and scoop by-law.

ASPHALT PAVING

**YOUR FUTURE . . . YOUR CHOICE.
TON AVENIR . . . TON CHOIX.**

KEY ISSUES

- Promote research towards the development of our known industrial and hard mineral deposits in Northern Ontario in order to create the long term jobs so direly needed.
- Initiate with other levels of government a viable transportation policy to meet our regional needs and stimulate economic growth.
- Seek the extension of a natural gas pipeline to the North Shore area serving the needs of both the consumer and industry.
- Promote youth employment throughout the riding in order to secure a viable future for our young people.

QUESTIONS DE L'HEURE

- Promouvoir la recherche au niveau développement des minéraux industriels du Nord de l'Ontario afin de créer de nouveaux emplois.
- Instaurer, avec d'autres niveaux du gouvernement, une politique viable du transport afin de rencontrer nos besoins régionaux et de stimuler l'accroissement économique.
- Préconiser le réseau de gaz naturel à la côte nord du lac Supérieur afin de desservir les besoins et du consommateur et de l'industrie.
- Accroître les possibilités d'emplois à travers le comté afin d'assurer l'avenir de nos jeunes.
