Briefs sought

The Commission on the Financing of Elementary and Secondary Education in Ontario today issued a call for briefs.

Commission Chairman, H. Ian Macdonald said that school boards, organizations, associations, agencies and the general public have been asked to submit briefs to the commission before January 31, 1985.

Mr. Macdonald said that the Commission will hold a series of public hearings across the province during the spring of next year.

The Commission, appointed in July 1984, is enquiring into all aspects of financing of elementary and second-

ary education. Specifically, commissioners intend to study.

1. the apportionment and allocation of provincial funds to school boards;
2. alternative methods of financing elementary and secondary education;
3. the degree of local participation in meeting education costs through property taxation, including the consequences of that participation for local decision-making and accountability;
4. other financial issues in respect of elementary and/or secondary education.

It is expected that the Commission will report to the Minister of Education by October 31, 1985.

Meeting ...

continued from page 10

We often get phone calls asking for help. If we do not have the answers we try to get them. It is not often that we are totally unable to help when asked.

Do you want this service in the town discontinued? Are there no longer people in the community who can give of their time to keep the town beautiful? I know so many people who try to stretch their time between their commitments to their church and the many service organizations in the town. Sometimes it seems as if you meet these people with so many different "hats" on that you wonder where they get the time to eat and sleep.

I think Terrace Bay is a good town to live in. I have never regretted coming to live here. I enjoy the opportunities to serve in the community and have a good job here. I think we can keep it a beautiful place to live in. It would be a shame to make null and void the efforts of those who have cared enough

to run this society during the past years. What are we going to do? I am willing to commit myself to doing what I can to keep this society going. We have at least seven other people willing to commit themselves to keeping this society going. **But eight is not enough! We need five executive officers and ten directors at the minimum.** At the moment, we are seven people short. If you have been a winner in any of our programs can you not find time to support us? Please think about it. We shall try again to run our Annual General Meeting and keep this society going in the town.

If you want any information, please call Peter Monks at 825-9361 in the evening. If you have the time to give, please call him and let us know that this society still has a place to fill in the community. If you understand "green side up" when laying a lawn or planting flowers, you are a horticulturist - and we need you!!
