Spruce Falls Power and Paper Company bushworkers voted on Sunday, December 23, 1984 to accept a new three-year contract after Company and Union negotiators reached a tentative agreement at the conclusion of mediation talks on Thursday, December 20, 1984.

The pact is retroactive to September 1 of this year and calls for wage increases of 2.5 per cent, four per cent, and five per cent during the three-year term. The agreement also provides for upgrading the Woodlands pension plan formula to the Mill level for future service as well as granting vesting rights after ten years of service with no age requirement. Sources indicated that 72 per cent of the Union members voted in favour of accepting the deal, which is essentially the same as that signed by Mill workers at Spruce Falls earlier this year.

Spruce Falls president,

Fred Campling, said he is satisfied with the new contract and is happy that a strike was averted. "It will help ensure the future of the company," said Mr. Campling, who added that the terms of the contract are fair and equitable.

The tentative agreement was agreed to one day before Local 2995 of the Lumber and Sawmill Workers Union (LSWU) reached a legal strike position.

Officials of Local 2995 were unavailable for comment on Monday following the ratification vote.

The Company's 400 bushworkers had been without a contract since August 31, 1984, when the base rate was \$13.32 an hour.
