

Your Opinion

We asked some students in Terrace Bay if they saw the Drinking and Driving films, and what they thought of them and of mixing drinking and driving.

Kari Pollard
I thought the films were very informative. I will try to stop a friend who may drink and drive.

James Pollard
I got a lot of information from the films. I would try to prevent any of my friends from driving drunk.

Cecile Person
I don't drive, and I didn't see the movie, but I'd never drive with someone drunk. I'd rather walk.

Pam Ludington
I attended the seminar and saw the films. I found them very interesting. I will probably never drive under the influence.

Dialing Instructions

LONG LAC - MANITOUWADGE - RED ROCK - TERRACE BAY

IT'S EASY TO DIAL

FIRST

CONSULT YOUR DIRECTORY

If the desired number is not listed call Information (dial Operator) for the number and jot it down for reference.

SECOND

LISTEN FOR DIAL TONE — a steady humming tone, indicating that the equipment is ready for your call. If you do not hear the dial tone within a reasonable time, hang up, wait for a few seconds and try again.

THIRD

WHEN YOU DIAL — Use the index finger and turn the dial all the way around to the finger stop, then release the dial and allow it to return without interference. If your finger slips or you make an error, hang up, wait for a moment, listen for the dial tone and dial again.

FOURTH

AFTER YOU DIAL

1. LISTEN FOR SIGNALS

RINGING—Soft intermittent bur-r-r.

BUSY—A slow, deliberate buzz-buzz-buzz.

NO SUCH NUMBER—A rapid buzz-buzz-buzz or a rising and falling siren-like tone which indicates an incorrect office, or non-existent number has been dialed. Hang up. Check the number in the directory, then dial again.

2. WAIT AT LEAST A MINUTE FOR CALLED PARTY TO ANSWER HIS TELEPHONE.

3. SPEAK DIRECTLY INTO TRANSMITTER — LIPS $\frac{1}{4}$ inch from the MOUTHPIECE — DISTINCT SPEECH GETS BETTER RESULTS.

AVOID THIS

4. REPLACE THE RECEIVER

promptly and properly after terminating each call. This keeps your TELEPHONE READY FOR ACTION.

DO YOU WANT TO CALL ANOTHER PARTY ON YOUR LINE?

1. FROM TWO-PARTY LINES—DIAL 1-1-9-1 and HANG UP. Both your own and the other party's bells will ring. When ringing stops it indicates the other party has answered. REMOVE YOUR RECEIVER PROMPTLY and talk. If ringing does not stop remove your receiver for a moment to stop the ringing.

2. FROM RURAL LINES—DIAL THE LAST FOUR NUMERALS OF THE NUMBER IN THE DIRECTORY—After you have dialed them, you will hear the BUSY SIGNAL HANG UP AT ONCE. BOTH PARTIES' BELLS WILL THEN RING. When ringing stops, it indicates the other party has answered. REMOVE YOUR RECEIVER PROMPTLY and talk. If ringing does not stop, remove the receiver for a moment to stop the ringing.

ASSISTANCE CALLS AND SERVICE DIFFICULTIES

If for any reason you are unable to dial or if you encounter difficulties, dial OPERATOR. Operators are always on hand to assist you.

Ministry of Natural Resources

The Ministry of Natural Resources, located on Highway 17 in Terrace Bay is gearing up for the very busy season coming up. Actually the Ministry is busy all year long, but talking to Irene Simpson and Janet Lohnes who are two of the people taking care of the counter service, summer does tend to be a little busier because of the tourists passing through who look to the Ministry for directions to the best fishing, the nicest lakes, etc. Also working in the front office is Karen Thrower: radio operator and services clerk, Sharon Dobush: lands and parks clerk, Sheila Larocque who is the district clerk. Janet Lohnes is expenditure clerk, and Irene Simpson is the payroll clerk. They are kept very busy with their specific duties, as well as looking after the many questions that are directed to them by the public. As Janet says though, the customer comes first.

From the front office you can purchase a wide range of maps, the ministries publications and free brochures, as well as the many different licences, from mining to burning permits for personal fuel. Anything out of the front office hands gets directed either to Thunder Bay, or to the very experienced supervisors and managers in the building. Mr. Paul Strassburger is the district manager, and

the district is very large. Jim Nickelson is Land Supervisor, Jim Chappel is Fish, Wildlife and Parks Supervisor, and Mr. Dave Gorden is the Forest Management Supervisor out of Manitouwadge. All together there are 17 full-time permanent persons on staff in Terrace Bay and 18 in Manitouwadge, which is where the Ministry's main fire service is located. There is of course a fire crew in Terrace Bay, which hires part-time persons in the summer.

The Ministry hires many persons for summer employment, and they still continue their Junior Ranger program, which gives persons interested in the field a chance to get first hand experience.

The NEWS met with Mr. Jim Chappel, to discuss the present course of action to be taken by the Ministry in regards to the Slate Islands. Mr. Chappel told the NEWS that Slate Islands is now a Natural Environment Provincial Reserve. The interim plans are to be available soon, with the management plan expected to be completed by March of 1986.

The Slate Islands occupies 6570 hectares and has the largest southern herd of Caribou with no predators. There are unlimited opportunities for study and research.

The Islands will remain as is for the time being, but now they are recognized

and protected by the Ministry. In time the Ministry may expand the camping hiking facilities.

Mr. Chappel went on to talk about Schreiber Channel Reserve where there is one of the largest gun flint rock formations, the biggest being in Africa. The gun flint rock is the first proven sign of organic life on our planet.

In regards to the sale of private property for the use of cottage lots, Mr. Chappel says that at the moment

the Minister of Natural Resources, Mr. Michael Harris has stopped any proceedings in this regard.

Mr. Chappel explains that the ministry has learned through the overcrowding of lakes in Southern Ontario, and they don't want the same to happen here. He said that he is sure the Ministry will again open up the sale of property for private use, to be administered as it was in the past.

over the last number of years. However he feels that by working inside government rather than in opposition, he will have the opportunity to achieve lasting solutions to some of the Riding's problems.
