Serving Terrace Bay, Schreiber and Rosspport 35¢

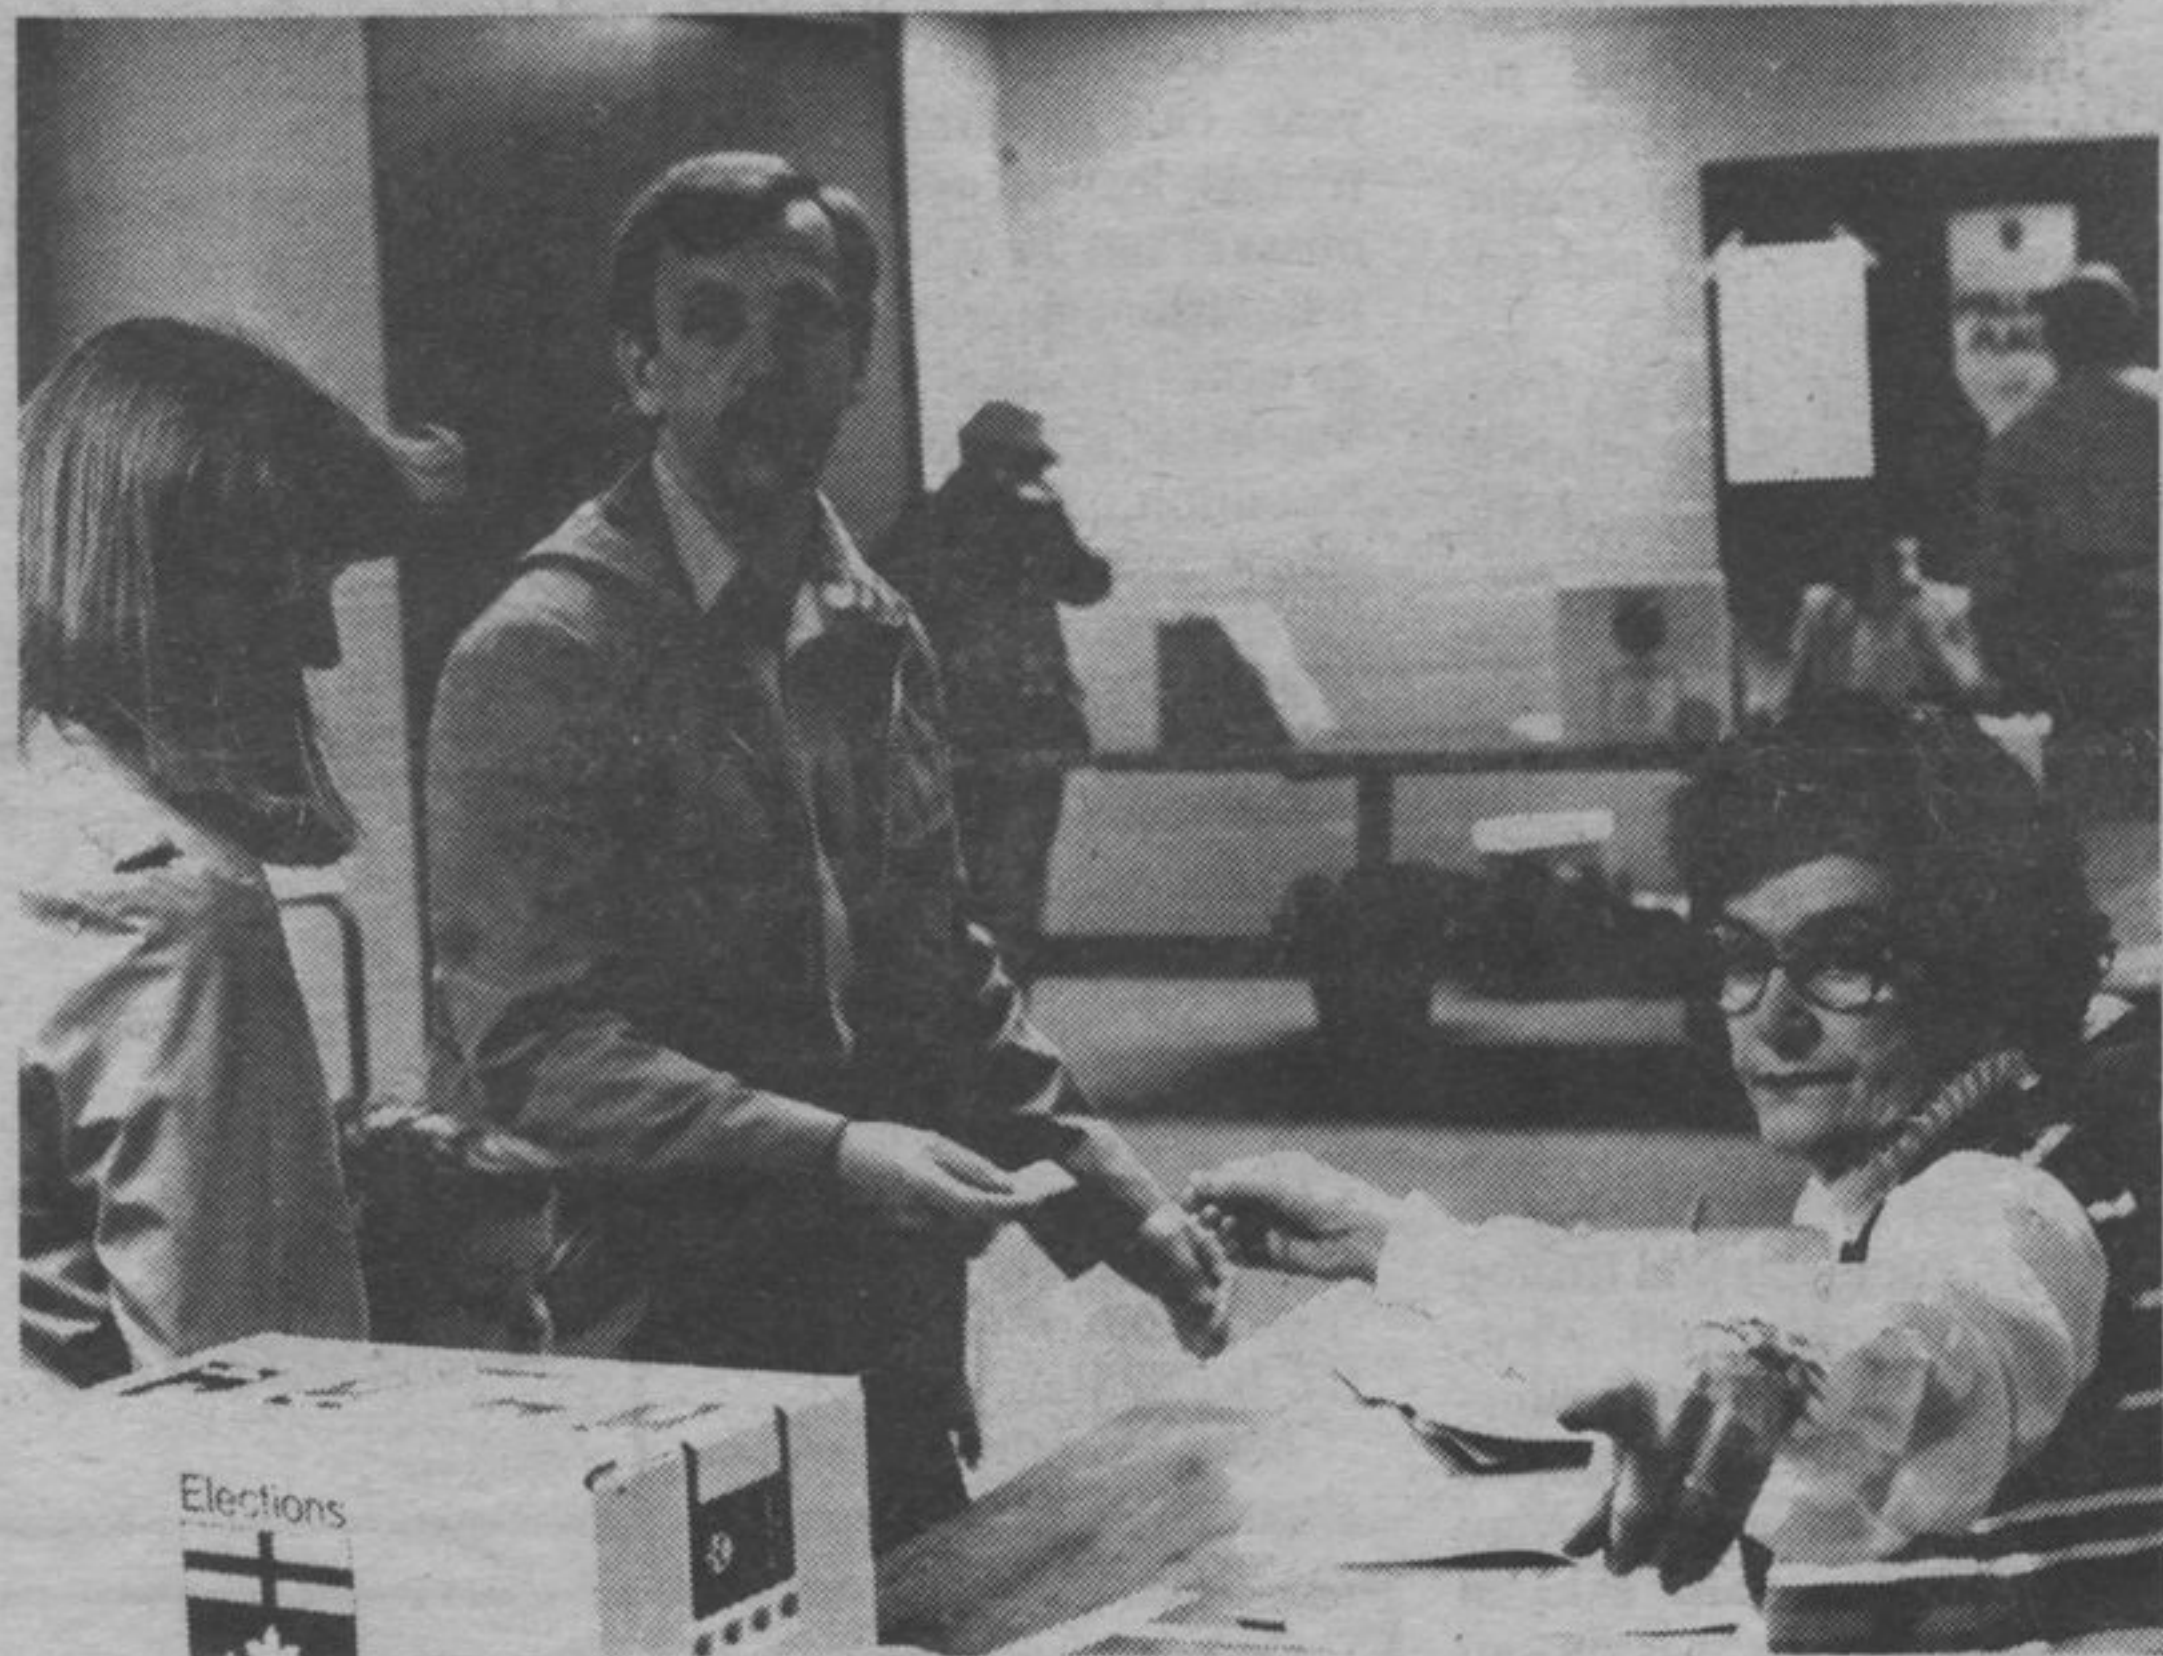

Election over, Pouliot in

The election is over, we have a new MPP, Mr. Gilles Pouliot of the New Democratic Party. Polls closed promptly at 8:00 p.m. Thursday, May 2nd and the final race was on.

Terrace Bay's Jim Files, a Progressive Conservative did very well in his home town and surrounding area, beating Gilles Pouliot in

both Terrace Bay and Schreiber. Terrace Bay polls were Jim Files 575, Gilles Pouliot 397 and Michael Power 261. In Schreiber, Files 452, Pouliot 404 and Power 179. Pouliot recovered in Manitouwadge taking 920 votes to Files 236 and Powers 193. It was a close race in Marathon, Pouliot

winning with 377, Power 359, and Files 355. Files took Nipigon with 500 votes, beating Pouliot's 465 and Powers' 243, he also took Heron Bay with 43 votes, Power with 33 and Pouliot with 20. Figures available to the NEWS at 10:00 p.m. showed Pouliot in the lead with 4,800 votes.

Jim Files, P.C. candidate casts ballot with wife Mary Kay and children, Thursday, May 2.

Education Week a big hit

It was a very busy week at our local elementary schools. They were celebrating and enjoying Education Week, April 21-27.

"Education Week 1985 has as its theme 'Education, It's You and I', a statement which embodies two of the most fundamental concepts of learning: self-motivation and sharing. Learning is an intensely personal experience for which each of us must bear the ultimate individual responsibility. Teachers and educational support materials are resources which acquire their true values only when they are able to challenge open and inquiring minds. It is through personal understandings of and commitment to the learning process that each of us is able to gain the many benefits and satisfactions which education offers.

The most effective educational process is one in which both the teacher and the learner gain additional knowledge about themselves and the world around them.

Participating in the programs planned for Education Week will stimulate all of us to strive for effectiveness and excellence in all of our learning experiences, not just during Education Week, but throughout the whole year."

Bette Stephenson,
Former Minister of Education.

St. Martin School had a very full week starting with Mass in the school gym Monday morning for students and parents. Grades one and two put on a play "Peter Rabbit" and Town Clerk Co-ordinator, Mr. Larry Simons, ad-

ressed the students regarding Taiwan. He showed many slides and all students enjoyed the discussion afterwards.

Tuesday was "Book Fair" Day where children could purchase the books of their choice. Mary Burnett, Community Corrections Co-ordinator showed a very informative film on Drinking and Driving to the grade eight class. She spent time afterwards discussing with the students and asking questions.

Wednesday found the gym full to listen to the public speakers. All students wrote a speech and two students from each class were picked to deliver their speeches to the rest of the school, parents and grandparents attending.

Thursday found an

Ontario Transportation and Communications Minister George McCague and Northern Affairs Minister Leo Bernier have announced the award of a contract for Highway 17 in Thunder Bay district.

The contract is for resurfacing, grading, drainage,

granular base, hot mix paving, hot mix patching and structure rehabilitation on Highway 17, from 15.4 km east of Nipigon easterly for 44.7 km including two passing lanes and work in Rosspport.

This resurfacing and structure rehabilitation pro-

ject on Highway 17 is undertaken to restore and widen the pavement, improve driving conditions by the addition of passing lanes, rehabilitate the Gravel River Bridge and reduce the maintenance requirements through the area.

Work on the project is scheduled to begin in May, 1985 with completion set for early fall, 1985.

The contract is awarded to Bruno's Contracting (Thunder Bay) Limited of Thunder Bay, Ontario at a cost of \$2,018,644.

Hospital Day in Terrace Bay

On May 10, 1985, from 2 p.m. to 8 p.m., the McCausland Hospital will hold an open house to com-

memorate Hospital Day. This event is sponsored by the Canadian Hospital Association, a federation of provincial health/hospital associations and the Ontario Hospital Association. The objective of these associations is to promote the Health and Welfare of communities through its leadership and assistance to members in the provision of better health services, and to protect and promote the health of the people in the community.

This is a unique opportunity for the public to learn about the role and services of your hospital and a chance to be better acquainted with its administration, programs,

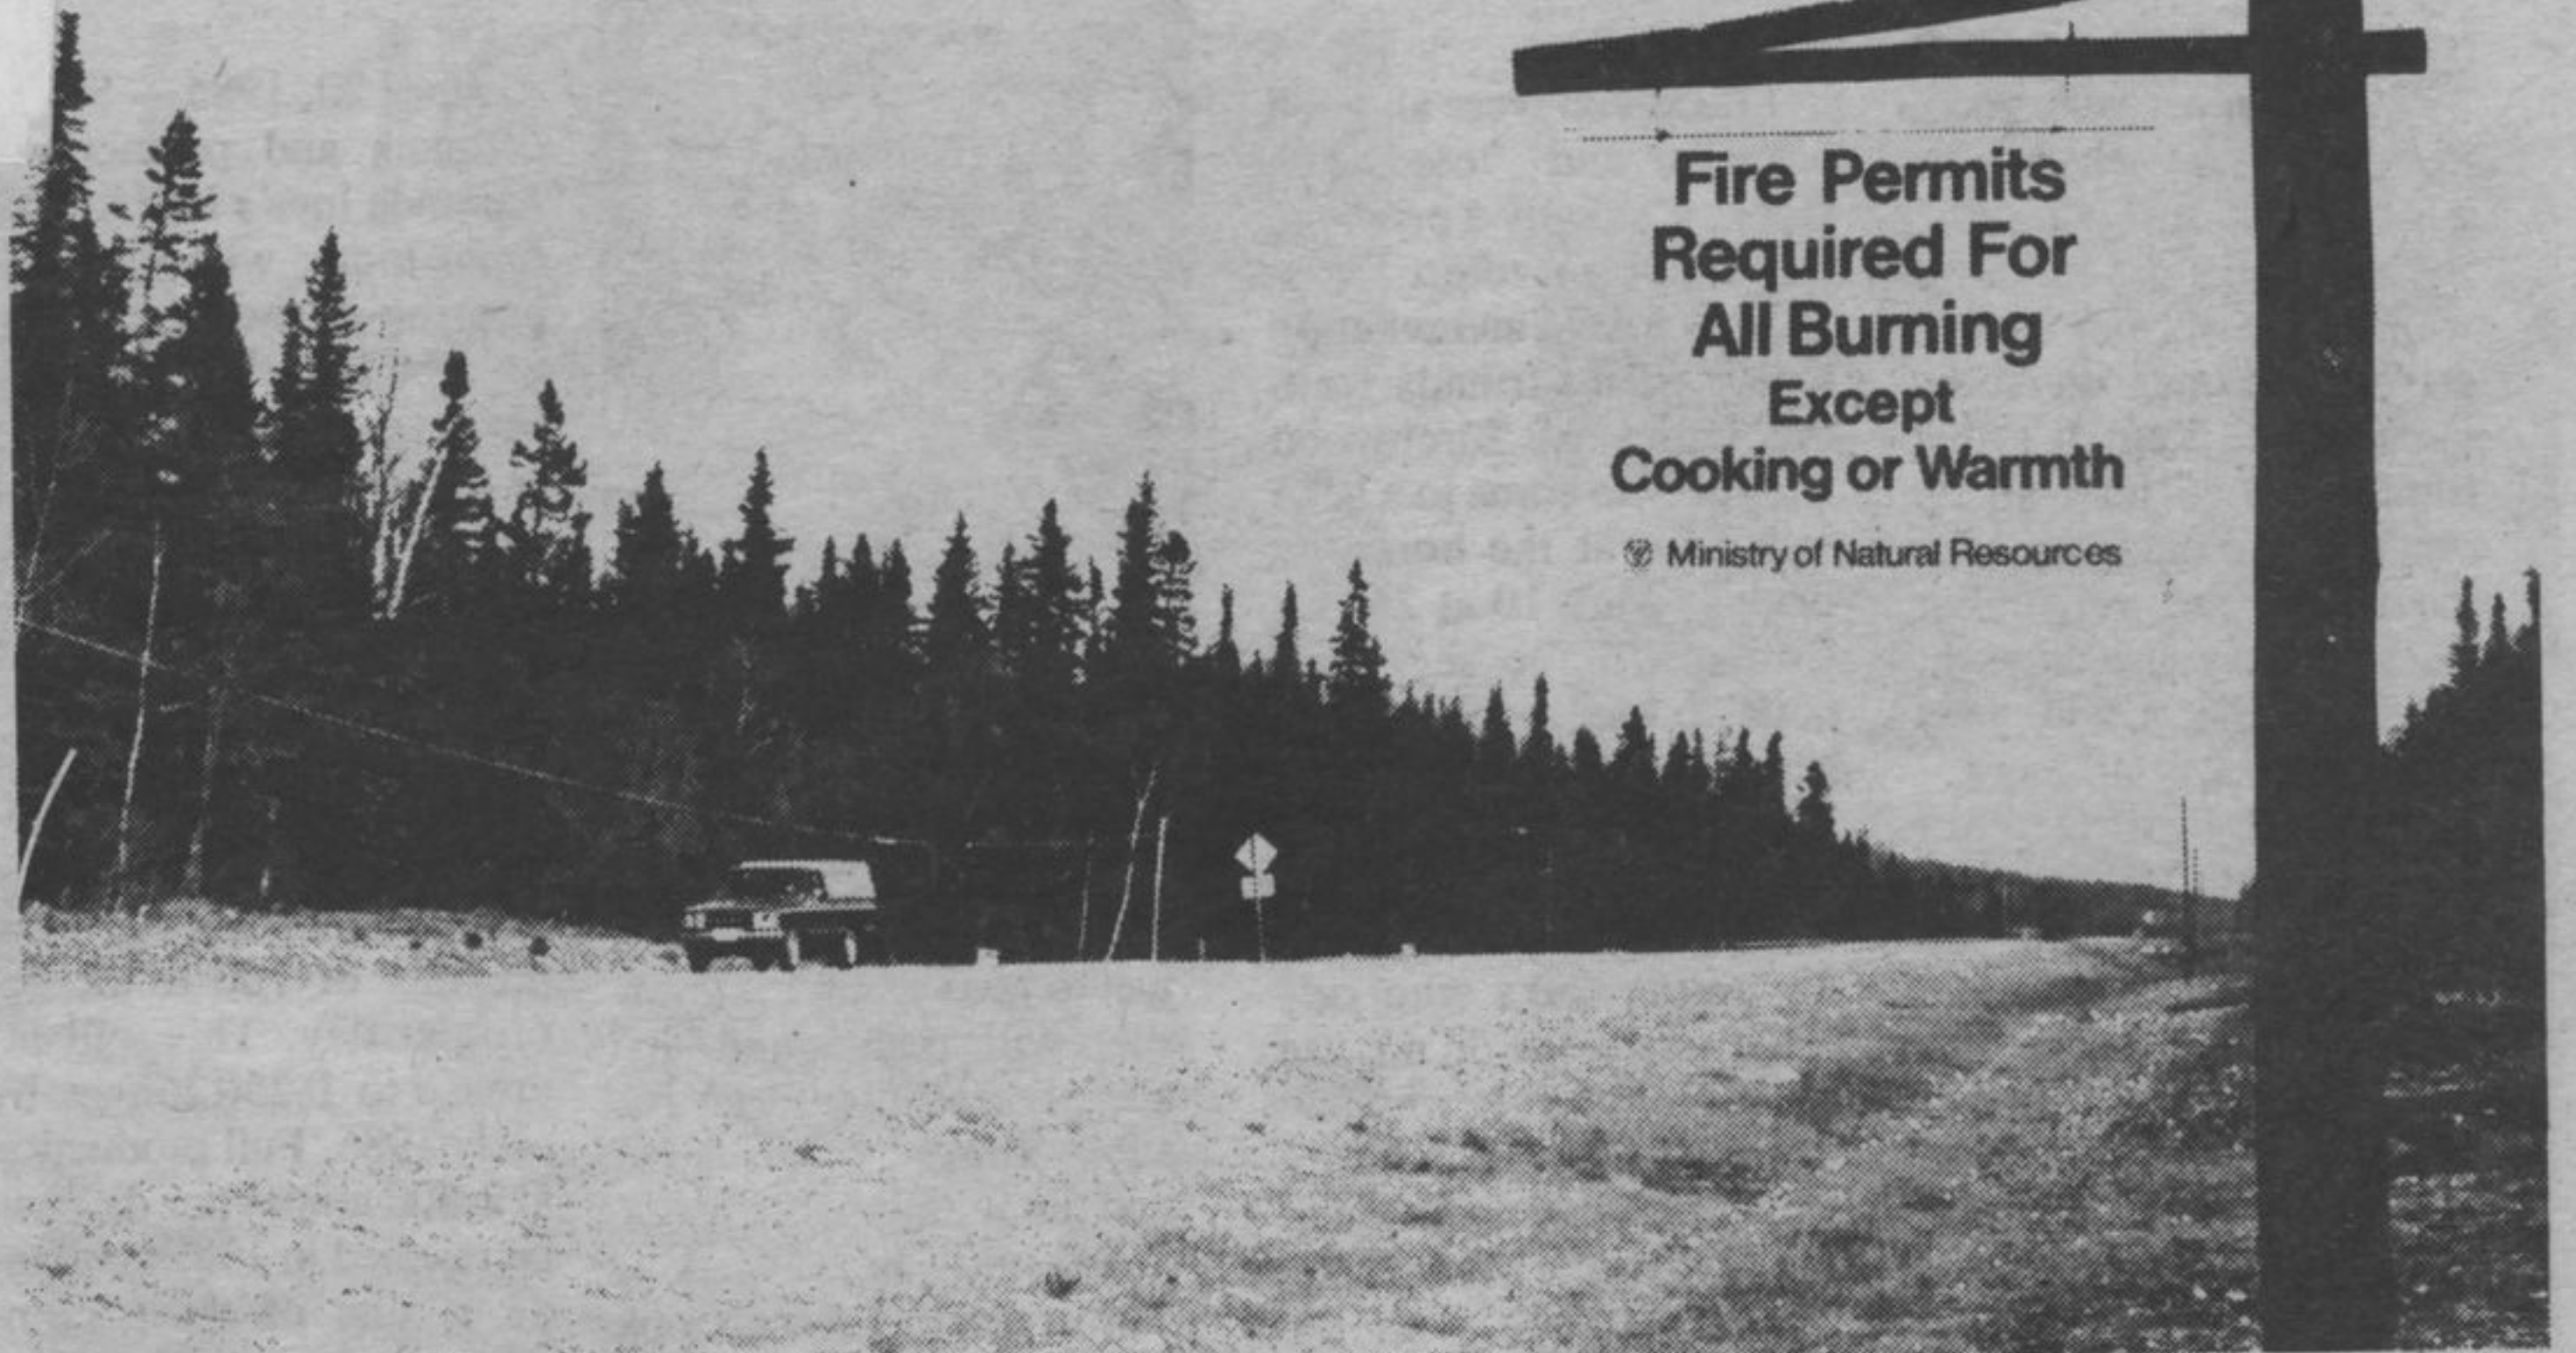

activities, projects, etc. The McCausland Hospital has arranged for a special program to celebrate Hospital Day. Tours of the hospital will be provided as well as slide and tape presentations on the hospital and surrounding communities. The tours will involve each of the hospital departments including administration, nursing, radiology, laboratory, physiotherapy, medical records, dietary and service departments. Staff will be available to answer questions and demonstrate some of the various pieces of equipment throughout the hospital.

Apart from the above,

schools will also participate in the events. Special tours are arranged for youngsters, and their art work will be displayed throughout the hospital. Refreshments will be provided in the cafeteria, so be sure to make this your last stop.

A very special day has been planned and your participation is highly encouraged. We hope that many of you will attend. Students considering careers in the hospital setting are especially encouraged to take advantage of this unique opportunity to learn more about their particular field of interest.

Come one and all.

Must be summer ...

Did You Know

The first archeological find in the Schreiber region dates back to 5000 B.C., when big game hunters earthworked copper to make tools and hunting implements.
