Parents Can Help

The Ontario Provincial Police are seeking the help of parents and teachers to reduce the number of accidents involving teenagers drinking and driving after end-of-term celebrations over the next couple of months.

Graduations, school dances and field parties are just around the corner. The OPP wants to convince the partygoers that drinking and driving can cause senseless death and injury.

The provincial police are concerned with a wide variety of traffic safety problems, but prevention of impaired driving is a priority item because this persistent social problem brings on untold human suffering and a tremendous financial cost to society.

During 1985, International Youth Year, it is the special objective of the OPP to have the young people of our province experience the safest motoring possible this spring and summer.

To accomplish this objective, OPP Commis-

sioner Archie Ferguson is asking for a cooperative and concentrated effort by parents, educators and law enforcement officers to help our young people truly understand the perils of drinking and driving.

While police officers have a definite role in enforcing anti-drinking and driving laws, educators can contribute by en-

couraging discussion on the subject of drinking and driving as part of the graduation preparations. Parents can use their influence to encourage their children to exert pressure on their peers. The glamour and excitement wrongfully associated with alcohol consumption and driving has to be removed.

Commissioner Ferguson said, "OPP officers will do their part through their ongoing vehicle spot check program, making a special effort to deter our youth from drinking and driving. With parents and teachers sharing the responsibility, we'll save lives and stop accidents."

Air ambulance gets permanent base

Projecta Engineering and Construction Inc. of Thunder Bay has been awarded the contract to build a permanent base for provincial government air ambulance and aircraft maintenance operations in Northwestern Ontario. Construction will get under way soon and completion is scheduled for December of this year.

The announcement was made by Government Services Minister Robert Run-

iman. The company's bid

of \$787,327 was the lowest of seven submitted, the highest being \$872,995.

The hangar, to be built adjacent to the Thunder Bay airport, will contain facilities needed by both ministries to ensure the efficient delivery of essential air services.

Specialized facilities for the air ambulance service which operates 24 hours a day, will include a holding room for patients awaiting transfer for further treatment, as well as a secure

storage area for drugs and equipment.

The 1,040 square metre (11,200 sq. ft.) hangar will hold up to three government aircraft. It will also contain office space, crew rooms and kitchenettes, a passenger lounge, washrooms, offices, and a storage area for aircraft and emergency equipment.

Design and project documents were prepared by Ministry of Government Services staff. Completion is expected by December, 1985.

Canada Day up-date

The Canada Day Planning Committee, is continuing to meet to discuss Terrace Bay's celebrations this year. "It is time to get down to the finer details", says Committee Chairperson Ollie Chapman. "It is very important that all of the Committee members attend the next meeting, Thursday, June 6th at 7 p.m. in the Conference Room of the Recreation Center."

The draft for the brochures is ready and with the already schedul-

ed events, it looks like the Canada Day celebrations will be well worth attending. Let's all try to get involved somehow, to really make it a great week.

INSURANCE

Before you buy

LET'S COMPARE

Maybe we can save you some money on:

- AUTO
- HOME
- LIFE

1-800-465-3916

Major Appliance Repairs

Servicing done in your own home to ranges, washers, dryers, dishwashers, fridges, electric hot water tanks and electric heating units. Parts on hand for most makes and models.

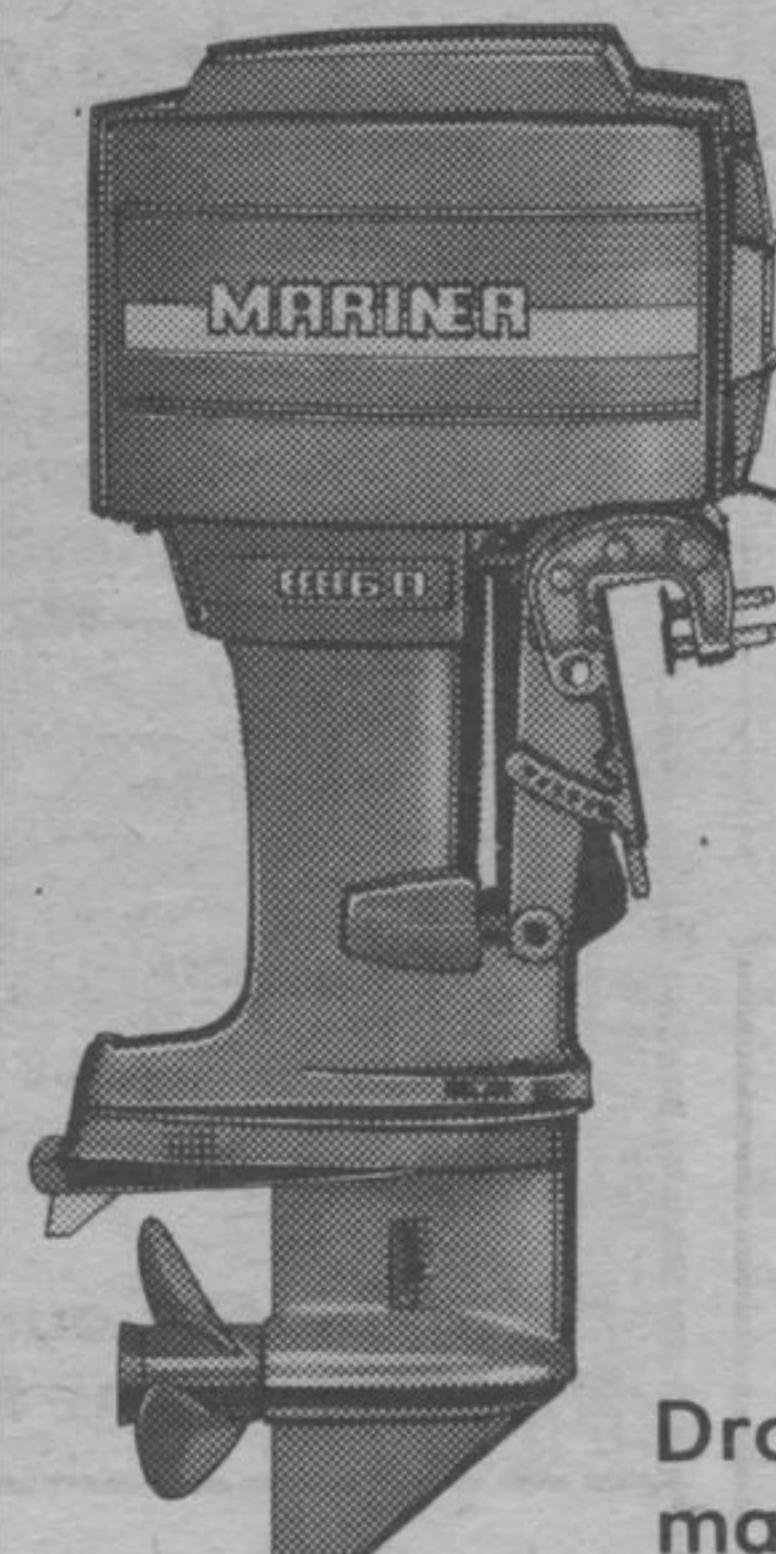

Bill Campbell Electric
824-2743 or 824-2574

Servicing Jackfish, Terrace Bay, Schreiber, Rosspport and Pays Plat.

Racketball Tournament Winners L-R, A event winner Roland Crevier B winner Keith Milne A event runner up Steve Sechesky B runner up Frank Capy.

MARINER OUTBOARDS

60 hp

60 AND 75 HP

When it comes to mid-range power, the three-cylinder Mariner 60 and the four-cylinder Mariner 75 are terrific choices for the boating family. They have the power to snap skiers out of the water, yet they're well-mannered enough for cruising, even trolling.

Drop by and see these and many more in a size suited for your special needs...
