A RACING GAME
 and
 Spools Are The Race Cars

THREAD A RUBBER BAND THROUGH A SPOOL: ON ONE END PLACE A SHORT PIECE OF A MATCH

ON THE OTHER END, FIRST PLACE A BUTTON AND THEN A LONGER PIECE OF A MATCH

THIS IS HOW YOUR RACE CAR SHOULD LOOK WHEN COMPLETED

YOU will have to cut the eyes out of the button, making just one hole. The idea of the button is to allow the match to turn more easily. A little soap on the under side of the button will help to speed up your car.
