Serving Terrace Bay, Schreiber and Rosspoint 35¢

Cuboree at Nays Park

On September 20-22, there was a cuboree at Nays Provincial Park. The host organization was from Terrace Bay, and there were also representatives from Marathon and

Schreiber. In all there were 43 cubs in attendance.

There were supervisors from all three groups involved. The supervisors from Terrace Bay were Elizabeth Stuttard, Andrew Lowery and Ken Bennoit.

The cubs participated in an obstacle course, a treasure hunt, soccer games, tug-o-wars, campfire sings, skits, inspections (twice a day), and a hike. They also worked on building shelters and first aid.

The event was a tremendous success and the cubs all enjoyed themselves while learning some valuable lessons.

Depaola places second in competition

The Red Oak Inn in Thunder Bay was the scene of the North Superior Body-Building Contest on September 8. During the competition various titles were awarded in the different weight categories. The titles to be awarded

were: Mr. and Mrs. North Superior, Mr. Teen Superior, and couples.

In the "lightweight" men's (155 lb. and under) category, Terrace Bay's Sam Depaola was one of seven competitors. Mr.

Depaola placed second behind Mike Berube of Thunder Bay and ahead of third place Brock Madille of Fort Frances.

Depaola says he now is setting his sights on the upcoming Ontario Championships.

The North Superior event was sponsored in part by Molson's, World Gym, The Red Oak Inn and the Canada Games Committee.

Congratulations Sam and the best of luck at the Ontario Championships.

Legion donates mini-bus

By David Carswell
On September 27 the Royal Canadian Legion, Branch 223 of Terrace Bay donated a brand new, customized mini-van to the residents of Birchwood Terrace. The mini-van seats 10 persons and has room for an additional 2 wheelchairs. The wheelchairs can be loaded and unloaded by way of a hydraulic lift which can be operated automatically or by means of hand crank, in case of an emergency. The van even has a cassette deck so that the passengers can listen to their favourite music while being transported around in comfort.

At a luncheon at Birchwood Legion Branch President Stan Greenwood presented Blanche Speck, President of the Birchwood residents' Council with the ownership and keys to the new van. Also present at the ceremony and luncheon were Tom Gash, ad-

ministrator for Birchwood, Gilles Poulliot, MPP for our riding, Adie Beaulieu, President of the Ladies Auxilliary of the Royal Canadian Legion, and Mary Ann Sigurdson, administration and nursing supervisor for Birchwood.

In her opening remarks, Sigurdson commented that, "the legion has been very generous and we at Birchwood are very happy to have them bestow their generosity upon us."

The idea of providing a mini-bus for the residents of Birchwood began back in 1984. Joan Leblanc, activity co-ordinator for Birchwood and the Ladies Auxilliary got the ball rolling. The Royal Canadian Legion stepped in, in order to make "a" donation to the project but after some research into the cost of the project decided to fund the project. The Ladies Auxilliary of the Legion donated an additional sum of money in order to pay for certain items such as

the custom paint job and the cassette deck.

According to Stan Greenwood, the Legion or any one individual is not responsible for the mini-bus but that all of the community residents who supported the project through the purchase of Nevada tickets were really the ones who should be thanked. During the ceremony Mr. Greenwood presented Pat Spandoni with a cheque to cover the cost of the van, "it was Spandoni's who took all of our ideas about what the residents needed and transformed them into reality."

Once again a community organization and the people of the community have proved that working together benefits all of us in the end. On behalf of the community and the residents of Birchwood a very much deserved thank you to the members of the Royal Canadian Legion, Branch 223, Terrace Bay and the Ladies Auxilliary.
