

# Attention Boys and Girls

This is just to remind you that the "NEWS" will be looking for your "Letters to Santa" so that we will be able to start printing them in the newspaper.

Don't forget to include your NAME and your ADDRESS, so that the readers will know who you are and also so we can forward them on to the North Pole!

So start writing those letters and get them in to us right away! Write: Letters to Santa, Box 579, Terrace Bay, Ontario, P0T 2W0 or bring them down to our office which is located in the basement of the Post Office.

We look forward to hearing from you.

## New Chief of Police

by MARILYN MoQuin

Terrace Bay's new Police Chief is Russ Phillips. Chief Phillips, his wife Anna and their three children Drew 9, and twins, Scott and Megan 6 years old have lived in Terrace Bay now for 5 years.

Chief Phillips attended Police College in Aylmer. From there he moved to

London where he was a Police Officer for 4 years.

When asked what he liked about Terrace Bay he said it's the small town atmosphere and he enjoys the people.

When not on duty the Chief is involved with minor hockey, coaching Atoms, he also enjoys fishing, hunting, working

around the house and belongs to a local Gourmet Cooking Group.

Chief Phillips hopes to continue the good relationship between the townspeople and the Police.

If anyone is having any problems or has any questions please feel free to call Chief Phillips at the Police Station.

*Snow, snow and more snow on the way*

## We Survived

Battling the cold winds of September, the Girl Guides of Manitowadge spent the weekend of September 27, 28 and 29th camping out at their Girl Guide Camp at Thompson Lake. Mother Nature was not too kind as the girls woke up to frosty temperatures on Saturday morning and rain on Sunday morning. But the girls' spirits never dampened.

Working on their Explorer badge, the guides found themselves learning how to survive in the bush miles from help. They were also given some first aid tricks that could be used when proper care wasn't available. Relying on what they had been taught the guides managed, injuries

and all, to make their way out of the bush and back to camp. Our guides also learned how to construct a tin foil oven and then proceeded to bake in them. They also made "buddy burners" - a small, light-to-carry wax burner which could be used as a source of heat or light. We also had with us a special guest, Mrs. Pam Jones or P.J., as the girls referred to her, from Terrace Bay. P.J. instructed the girls in their knots and gadgets, which could be made using the knots they had learned.

Camp wasn't all work, though. Games and singing played a major part in the weekend. P.J. lead the girls and the leaders through campfire teaching them

new songs along the way. In fact, I don't think the girls (or the leaders) stopped singing all weekend.

When Sunday arrived it was far too soon, as always. The girls climbed back into vehicles for the trek home and another successful Girl Guide camp, thanks to Mrs. Hunter, was over.

Many thanks to P.J. for coming all the way from Terrace Bay to be part of our camp out and for sharing your songs and stories with us. I know the girls

enjoyed it. The guides would also like to express their gratitude to our excellent cooks, Mrs. Jackie Jung and Mrs. "Liz" Larkin, who, once again, spent the weekend slaving over a hot stove. I'm sure the thanks to our fearless leaders, you know who you are, goes without saying. Who else would call a fire drill at 11 o'clock at night. And so, until next year "Rise 'n shine..."

Sarah Moore  
Leader - Girl Guides

## Correction

The fish eggs that were placed into the fish hatchery by the Rod and Gun

Club of Terrace Bay were Speckled Lake Trout not Auora Lake Trout.

## Women's Friendship Centre

by MARILYN MoQUIN

In April of this year there was a meeting - to discuss the need, possibility for and all other aspects for a Women's Friendship Centre.

The idea was well received and met with much enthusiasm and the Women's Friendship Centre opened their doors in September.

Starting November 1st the new hours and day of the week are as follows: every Friday from 9:30 to 11:20, in the Terrace Bay Gospel Assembly Church basement.

What they offer is an opportunity to help women grow and share with each other. Women of all ages are welcome.

There are 3 rooms which they use. A quiet room for reading, leafing through magazines or for just having a while to think without interruptions.

There is an open room for crafts, mending, chatting, meeting new people or whatever else you might want to do.

There is also a separate room/nursery with toys and its own washroom facilities. Daycare is pro-

vided at \$1.00 per hour/per child.

They will be having guest speakers such as Colleen Kelly speaking on child development. They will also be having learning sessions such as child development, learning C.P.R. and films.

There is an Information Place where they have a bulletin board with assorted notices.

The Committee Coordinators are Patty Capy and Margie Fulton. They average between 5 and 15 women at a time.
