Home Decor Planning

Are you interested in improving the decor of your home or interested in learning new changes you can make? The Ministry of Food & Agriculture is planning a workshop covering the following areas:

Planning: What you need and want for your home. Cost and availability of decorating ideas. Preparation of a file on personal reference material.

Beautiful windows: creative ideas for decorating windows. Dressing those hard to fit windows.

A Style of Your Own: Do it yourself low cost ideas for accessorizing the home.

We would like to hear from you if you are interested in this workshop. Below are some of the programs we will be offering to the public in the New Year. If you have any other suggestions or know of someone who is capable of instructing a program. Please contact the Recreation Office at 3542.
