

Squash and racquetball leagues to begin

Recreation Membership: A friendly reminder to all members that 1986 memberships are now due. Full detail on membership is located elsewhere in this paper.

Squash and Racquetball League: It is our intention to once again start these leagues to allow participants the opportunity to

meet new players and play on a regular basis if desired. Fact, 45 minutes of squash or racquetball burns off approximately 750 calories according to recent information received. Three bookings per week is minimum to work towards maintaining proper fitness.

Squash is gaining in

popularity so get involved, we are sure you will enjoy the game.

A reminder that if you wish to become involved but not aware of the rules we will provide free instruction. Drop by the office and discuss Squash and Racquetball with us. We also have equipment available for rental. Watch for details for the Squash and Racquetball Tournament. Anyone with suggestions or information to assist with organizing these tournaments are welcome. Call 3542 or drop by the office.

Arena Schedule: For the next five the weekends at the arena will be booked with the following tournaments:
January 22-23: Broomball Invitational

February 1-2: Midget Invitational
February 8-9: Midget Invitational
February 8-9: Oldtimer's Invitational
February 15-16: Pee Wee Invitational
February 22-23: Atom North Shore

To accommodate these Tournaments we are required to cancel Public Skating on Saturday and Sunday. Regular weekend skating resumes on March 1 to 2.

Outdoor rinks: There are some questions as to who is allowed to use outdoor rinks located in Terrace Bay. These rinks are maintained by residents of the area and are open to any resident of this community. It would be appreciated that if you do use these rinks that they are cleaned

of all snow at the conclusion. Bring along a shovel (scraper). I'm sure it would be appreciated by the regulars who do this maintenance.

Bowling Notes: Open Bowling is held on Sunday, 2 p.m. to 5 p.m. and Wednesday from 6 p.m. to 8 p.m. We can accommodate special bookings for birthday or family gatherings, etc. Call 3542.

Programs: We still have some openings in our Winter and Spring programs. Drop by the office and pick up your free activity brochure that outlines all of our special interest programs.

Winter Carnival: Don Young of the Kinsmen Club has advised us that winter carnival will be held the first weekend in March. Kinsmen Club are the

organizers of this event and are requesting assistance for other groups to allow for expansion of the carnival. If your group would like to help contact Don Young.

Swimming News: Yes, already!

To allow interested individuals to qualify themselves for employment at swim pools, Marathon Recreation Department will be offering a Bronze Cross Course February 7, 8, 9 and February 14, 15 and 16 and a Diving Level 1 Instructor Course February 22 and 23. We have information available at the office for anyone interested. Billeting is provided if desired. Deadline to register is January 31, 1986. Only qualified staff will be employed at the Terrace Bay Pool as re-

quired by legislation. **Public Skating Schedule:** for week of January 20 to 26:

Fish in danger

In a comprehensive 12 page brief released earlier this month, the Ontario Federation of Anglers and Hunters calls on the government to adopt 21 specific proposals for improved management of lake trout fisheries.

The OFAH, Ontario's largest provincial conservation association, has drawn on both scientific studies and the first-hand knowledge of provincial fishermen in preparing its brief.

The group's recommendations include better water level management to protect lake trout eggs, increased monitoring of and research on acid rain, lake trout spawning shoal improvement and construc-

tion, and other suggestions.

According to a January 6 news release, the association has shown through scientific studies that holding young lake trout in hatcheries until they are larger significantly increases their chances of survival in the wild.

The release pointed out that lake trout are vulnerable, sensitive fish which mature later than other fish and require special attention. Ontario has approximately 2,000 lake trout lakes but in 74 of those lakes the trout have already disappeared.

The OFAH has also requested more Conservation Officers and higher fines for poachers.

Duplicate Bridge

Duplicate bridge is played every Friday evening in Terrace Bay. Play starts at 7:30 p.m. in the High School Home Economics Room. All interested bridge players are welcome.

Results of play:
