

## Schreiber wins Pee Wee North Shore championship

By Conrad Felber

Due to a conflict of schedules, the Schreiber Travel Rest Eagles Pee Wee team had already won a berth in this weekend's District Pee Wee Championships before the North Shore area winners could be decided. However, fate and perhaps predestination stepped in, and Schreiber also won the North Shore event on March 23 over Terrace Bay Legion.

The final game was a very tight affair throughout, with the game going to overtime. In the end, the Eagles emerged victorious in a 6-5 score.

Schreiber advanced to the North Shore championship game with a 15-2 win over Marathon in the first of two total goales matches. In the second game, Schreiber again dominated play, winning 9-1 over Marathon.

Terrace Bay, on the other hand, had a tougher time, winning its first match against Manitowadge 4-2 only to lose the second one, 6-5. However, Legion prevail-

ed when it came to total goals, 9-8, to advance to the final contest against Schreiber.

In that final game, Schreiber managed to post a 4-3 lead before the end of the third period and seemed to be in command when, with just a minute left in the game, Terrace Bay pulled its goalie for an extra attacker.

That strategy worked, as just seconds later the Legion squad managed to put one by Schreiber netminder Bryon Cosgrove to tie the game.

After consulting the rule book, it was announced that a 15 minute overtime period would be held with all goals counting. If the game was still tied, a sudden death period would be held. It never got to that stage, though, as Schreiber outscored Terrace Bay 2-1 in the overtime session.

The Eagles got the first goal to make it 5-4, and then Terrace Bay managed to tie it up with just 6:37 left, much to the delight of the partisan home crowd.

Things looked even

brighter for Terrace Bay when a Schreiber player was given a penalty at the 5:36 mark. However, it was just not meant to be, as the Eagles got a two-on-one break during the Legion's power play and got the puck past Legion's goalie Rick Pollard for a 6-5 score which proved to be the final tally.

Pollard made a number of big saves late in the period to keep his team within one, but at the final buzzer the Soughton Jewellers Trophy went to the team from Schreiber. The Eagles also won the tournament last year.

Schreiber will now represent the Eastern Zone at the District Championships to be held in Marathon this weekend.

One of Schreiber's six goals is shown here being fired into the Terrace Bay Legion net behind goalie Rick Pollard (puck is visible at end of arrow) in a game played on March 23 in Terrace Bay. The Schreiber

Travel Rest Eagles won the game in overtime, 6-5, to win the North Shore Pee Wee Championships. The team will represent the area at the District Championships scheduled for the April 5 weekend in Marathon.
