

Renovations approved

A total of five capital projects, valued at a total of over \$1.26 million for the Lake Superior Board of Education and the North of Superior Roman Catholic Separate School Board, have been approved by the provincial government, according to an April 9 news release from the Ministry of Education.

Schools in both Terrace Bay and Schreiber will benefit from the projects, which were also approved for other school boards in the Thunder Bay area, Education Minister Sean Conway and Northern Development and Mines Minister Rene Fontaine announced in the release.

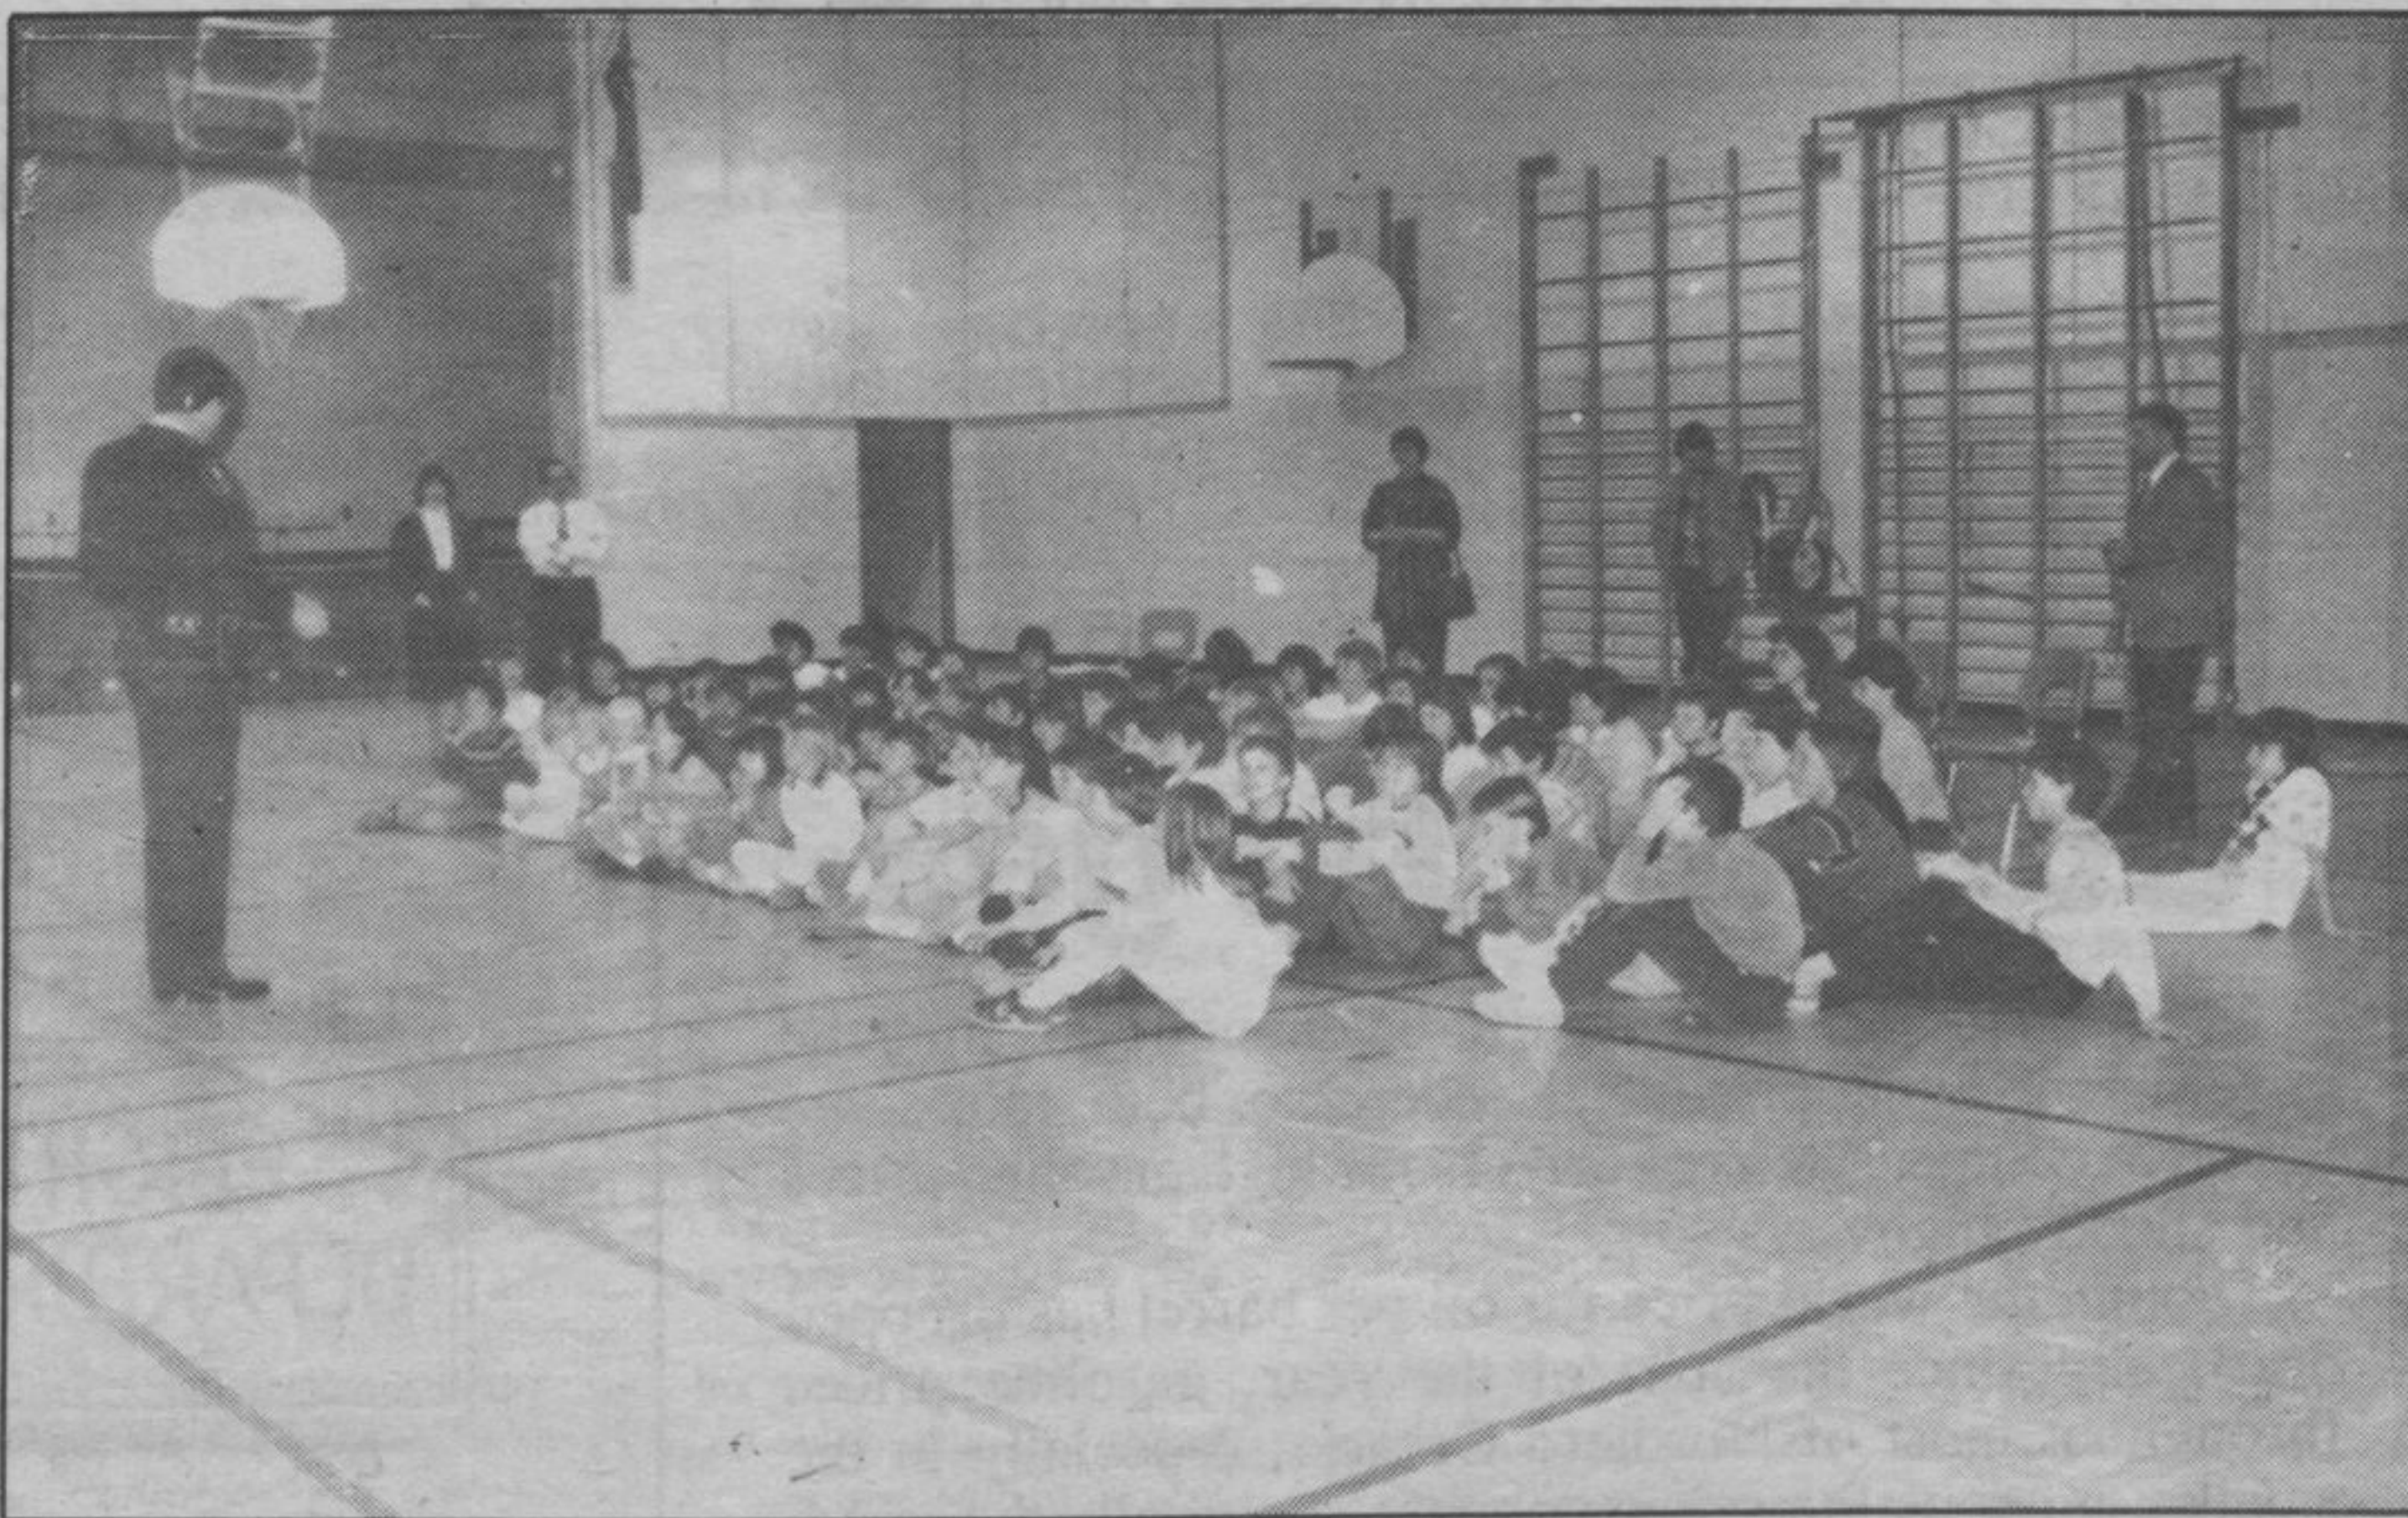

The LSBE has received

an approval for three projects valued at \$875,000 while the Separate School Board had two projects valued at \$388,000 approved by the government.

The bulk of the LSBE project funding will go towards extensive renovations at Terrace Bay Public School, with the proposal estimated at \$850,000.

Renovations will also take place to the tune of \$220,000 at Holy Angels School in Schreiber and \$168,000 at St. Martin School in Terrace Bay, through the North of Superior Board.

In all, 21 capital projects valued at over \$6.5 million were approved by the province, the release noted.

ID Program on

The Schreiber detachment of the Ontario Provincial Police is conducting an identification program to help deter bicycle thefts in the area, according to an April 16 news release.

"Each year numerous bicycles are reported stolen and in many cases, bikes that are recovered cannot be identified, which results in the item not being returned to the owner," the release noted.

Starting immediately, residents in areas serviced by the Schreiber detachment may apply for a Bicycle Identification Sticker. The process is easy, involving only two main

steps: the name and address of the bicycle's owner, and the make and serial number of the bike.

As well as recording the serial number, police will also assign a control number to each bicycle. A retro-reflective sticker will be attached to the bicycle to mark it so all can see you have joined the program.

An OPP Constable will be on duty from 6 p.m. to 9 p.m. on May 7, 8, and 9 to ID your bicycle. Help stop bicycle thefts, join the "Ident-A-Bike" program today. This program is being sponsored by the Township of Schreiber.
