## Rosspport Report

**By Anne Todesco**

The boats are away cruising and fishing as the harbour is free of ice. The blue herons are back. The pair have a secret nesting spot near the harbour and return each year. They are often seen feeding along the shoreline.

Mr. and Mrs. J.R. Douglas of Sioux Narrows were guests of his sister Anne Todesco for several days. Also, Arthur Douglas and son Scott of Thunder Bay were here.

Ray and Josephine Kenney were Lakehead visitors. While in the city they visited their son Eddie. Eugene and Prina Gerow motored to the Lakehead during the week, and Mrs. Gwen Gerow went to Thunder Bay to bring her son Daren home from the hospital.

Ned Bashar has arrived from New York to prepare and open The Rosspport Inn

for the season. Everyone has anxiously been waiting for that event to enjoy the

home cooked meals of steak, lobster, and Lake Superior Trout.

The Ministry of Natural Resources advises that the Provincial Park Campgrounds in the Terrace Bay District are being prepared for the summer season.

The Rosspport Provincial Campground is scheduled to open on May 9, and on May 16, Rainbow Provincial Campground is also scheduled to open. Both will open at full services/full rates. Pedal boat rentals are once again planned to be available at Rainbow Falls.

With the Casque-Isles Section of the Voyageur Hiking Trail passing through the Rainbow Falls Park Campground, hiking is becoming an increasingly popular park activity.

Hikers often use the park as a convenient base camp from which to hike the Superior shoreline by day, and have all of the comforts of home plus a campfire for the evening.

Neys Provincial Park is scheduled to open on May 16 at reduced services/reduced rates. Full fees will come into effect in June, when running water is provided to the campground.

Daily interpretive programs and visitor services events will begin in late June. These will include evening slide/film programs, guided hikes, campfire singsongs and regular hours for the visitor centre.

In addition to these programs and the holiday

events scheduled for Neys Park, a special weekend is planned for August 16 and 17, highlighting the history of Neys. Programs and events will focus on the Prisoner of War Camp, and the logging, commercial fishing and railroad history of the area. The park staff would appreciate the suggestions and assistance of local townspeople or other persons who

were a part of the history of Neys, in providing period costumes and in just becoming involved in our Neys Nostalgia Days weekend.

## Pouliot upset

In a letter to the Ontario Minister of Transportation and Communications, the MPP for the Lake Nipigon Riding mentioned "a serious and vital matter" which had been brought to his attention by the Lake Superior Board of Education recently.

"Since the fall of 1985 the Board has been desperately trying to encourage your Ministry to place road signs in key areas of the province reminding all motorists that they must stop for any school bus with flashing lights," MPP Gilles Pouliot explained in his letter, which was sent on April 14. A copy was obtained by the News.

"I am sure you realize that a lack of these warning signs creates an incredibly dangerous, life-threatening situation," he added.

Pouliot also said to the Minister, Ed Fulton, that according to the LSBE, school buses travelling on the Trans-Canada Highway have already experienced several situations where cars have failed to stop for them.

"I would therefore like to encourage you and your Ministry to reconsider this important problem," Pouliot said. "It is the Ministry's first duty to protect the lives of the citizens of the province...especially in areas where comprehensive protection is not already available."

Pouliot, who represents the Terrace Bay-Schreiber area at Queen's Park, con-

cluded his letter by expressing his hope that the proper road warning signs will be posted in key areas of the province as soon as possible to remind motorists to obey the law and stop for all school buses.

Earlier this year, Pouliot was appointed as the New Democratic Party Critic for the Ministry of Transportation and Communications.
