Terrace Bay Recreation Office

Clean up continues

The May 21 forest fire near Terrace Bay may already be just a bad memory for most, but work at the burn site continued earlier this month. Ministry of Natural Resources crews were on hand to cut up and dispose

of loose bush and trees. One three-man MNR crew can be seen here working on some burned logs just behind one of the houses on Cavanaugh Crescent at the east edge of town. (Photograph by Conrad Felber)

New in town?

For local information, other assistance, or just for a friend, newcomers to the Terrace Bay and Schreiber area are urged to contact Rosamund van Leeuwen of

the Women's Friendship Centre, at 825-3525.

An information package including a street map is available for new town residents, she explained.

Card of Thanks SPIKULA

Words are inadequate to express our sincere thanks to

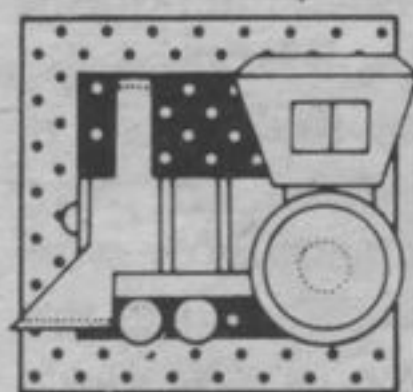

relatives, friends and neighbors and especially to our daughter Pam and all her sensational helpers who surprised us with a 25th Anniversary Party. To all for the lovely gifts, floral arrangements, spiritual offerings, cards and best wishes. Thank you Pam for making our day one we will never forget.

To Concerned Moose Members

I would like to thank all of you who signed my petition concerning my recent dismissal as bartender at the Lodge. However, I am disappointed to inform you that your concerns and opinions about what has occurred recently are of no value since the membership has no say in the matter. I would also like to let you know that as members, you cannot sign a petition concerning your Fraternity without facing possible suspension. I could not place it upon myself to turn in this petition knowing such action could be taken. It's been a pleasure meeting and serving all of you and again thank you for your support.
