Jobs available for students

By Jacki Speziale
Jobs? That's what this article is about. Jobs are available. In fact, we are filling jobs daily down at the Canadian Employment Centre for Students, or

CECS for short. Students, if you are interested in working for the summer to get a little extra pocket money, come down to the CECS office in Terrace Bay or Schreiber and take a look at the Job Board. The enthusiasm of the students is at a peak,

now that school is out, so be quick. The communities are encouraged to call the Centre and place casual job orders (phone numbers are listed below). Do you need your lawn cut, your kitten taken care of, your garage painted? Call us and do your

part to help the community of students find work. Students are hardworking and eager. Hire one and invest in the future. Call 825-9283 in Terrace Bay or 824-2983 in the Schreiber area.

Program set to go
A \$1.5 million province-wide program to foster tourism hospitality and awareness was announced on June 23 in Toronto by Ontario Minister of Tourism and Recreation John Eakins.
In a Ministry news release, Eakins was quoted as saying that advertising by word of mouth is what he's after. "One of the best ways to achieve that is for everyone in Ontario to be pleasant, helpful and friendly to all our visitors," he added.
The program will train managers and owners in the tourism industry who will in turn train their staff. The Ministry will provide training sessions with leadership guides and employee hospitality kits for participants, the release noted.
The objective of the program is to improve the quality of service to visitors to Ontario and residents travelling within the province.
"We will work closely with our client groups over the next several months to structure this initiative to meet their needs," Eakins explained.
